**THIS ADDENDUM IS FOR THE PURPOSE OF MAKING THE FOLLOWING CHANGES OR CLARIFICATIONS:**

- 1. Question:** Regarding solicitation section 1.12 Shop Drawings in the Terms and Conditions of the bid - Do shop drawings need to be submitted at the time the completed bid is submitted in Zycus (on or before April 30th 12PM)? The first sentence of the second paragraph of section 1.12 states "A letter of transmittal and four copies of each shop drawing shall accompany each submittal."

**Answer:** Section 1.12 does not apply for this solicitation. Shop drawings/materials used do not need to be submitted beforehand in this case, because it is not a ground up custom made attachment.

- 2. Question:** Regarding solicitation section 1.12 Shop Drawings in the Terms and Conditions of the bid - Can a copy of the JEA Approved Materials Manual be shared for review before the final bid is submitted? The 7th paragraph of section 1.12 states "If the materials are not listed in JEA's Approved Materials Manual, then prior to purchase of material or fabrication, the Company shall forward to the JEA Engineer for review, five (5) sets of each shop drawing plus the number of prints it desires returned."

- 3. Answer:** Section 1.12 does not apply for this solicitation. These are units already built by the manufacture and not something we are having created from our own wants and needs.
