\$25 Off

**All ENERGY STAR®
Qualified Dishwashers**

JEA
Building Community®

ENERGY STAR[®] qualified dishwashers save energy, save money, and help protect the environment.

Join the national effort to use energy wisely. Buy appliances that have earned the ENERGY STAR. Only products delivering the highest level of energy efficiency are awarded the ENERGY STAR from the U.S. Environmental Protection Agency and the U.S. Department of Energy.

For a limited time only, JEA is offering residential customers \$25 back on the purchase of any eligible standard-capacity ENERGY STAR qualified dishwasher.

New ENERGY STAR qualified dishwashers:

- Save about \$85 over the unit's lifetime in utility costs
- Use 4 gallons of water per load, saving up to 11 gallons over 1980s models
- Maximize cleaning by strategically situating dishes
- Have more efficient jets to spray water and detergent
- Use soil sensors to test how dirty dishes are throughout the cycle
- Automatically adjust the cleaning cycle to minimize energy and water use

Did you know?

A new ENERGY STAR qualified dishwasher uses less than half as much energy as washing dishes by hand and saves nearly 5,000 gallons of water a year!

Just look for the ENERGY STAR.
