ELIGIBILITY AND ENROLLMENT

Employee Eligibility

Benefit eligible employees are provided an opportunity to participate in the JEA sponsored benefits program. You are eligible for benefits on your first day. You may change your coverage tier of the respective plan for the first time you enroll, add or remove a dependent or terminate a plan previously elected. All benefits discontinue on your last day of employment or termination date with JEA.

Eligible dependents include:

Your spouse	The person to whom you are legally married.
Your child	Your covered biological child, legally adopted child or child placed in the home for the purpose of adoption in accordance with applicable state and federal laws through the end of the calendar year in which he/she turns age 26*.
Your child with a disability (disabled prior to age 26)	Your covered child who is permanently mentally or physically disabled. This child may continue health insurance coverage after reaching age 26* if you provide adequate documentation validating disability upon request and the child remains continuously covered in a State Group Insurance health plan. The child must be unmarried, dependent on you for care and for financial support.
Your stepchild	The child of your spouse for as long as you remain legally married to the child's parent through the end of the calendar year in which he/she turns 26*.
Your foster child	The child that has been placed in your home by the Department of Children and Families Foster Care Program or the foster care program of a licensed private agency through the end of the calendar year in which he/she turns 26*. Foster children may be eligible to their age of maturity.
Legal guardianship	The child (your ward) for whom you have legal guardianship in accordance with an Order of Guardianship pursuant to applicable state and federal law through the end of the calendar year in which he/she turns 26*. Your ward may be eligible until his or her age of maturity.
Your grandchild	A newborn dependent of your covered child. Coverage may remain in effect up to 18 months of age as long as the newborn's parent remains covered.
*Your over-age dependent	After the end of the calendar year in which he/she turns 26 through the end of the calendar year in which he/she turns 30. Your dependent may continue to have Medical coverage only if: they are unmarried, have no dependents of their own, are a resident of Florida or a full/part-time student, and have no other health insurance.

Qualifying Life Event

Elections made during your initial election period or at Open Enrollment may not be changed until the next annual Open Enrollment period, unless you experience a "Qualifying Life Event." A Qualifying Life Event allows you to make a change to your benefit elections **within 30 days of the event**. You may change your coverage tier of the respective plan for the first time you enroll, add or remove a dependent or terminate a plan previously elected.

Coverage will be effective the date of the Qualifying Life Event. A retro adjustment of the premium for the change in the level of coverage will be deducted from your pay check.

Examples of Qualifying Life Events include but are not limited to:

- Marriage
- Divorce or legal separation
- Birth, adoption, or legal custody of a dependent child
- Changes to your dependent's eligibility for benefits under another group health plan resulting in gain/loss of coverage
- Death

Documentation will be required, such as a marriage certificate, divorce decree, birth certificate, proof of loss/gain coverage, etc.

If you experience a Qualifying Life Event, contact Benefit Services at (904) 665-5300 and submit all required documents within **30 days** of the event.

Note: Health Savings Account (HSA) contributions can be changed at any time.

Your Responsibility

Before you enroll, make sure you understand the plans and ask questions. Always print out (from Oracle) your JEA Benefits Confirmation Statement with your enrollment choices and beneficiaries to keep for your records. After you enroll, you should check your first paycheck to make sure the correct amount is being deducted and that all the benefits you elected are included.

MEDICAL INSURANCE

YOUR MEDICAL PLAN CHOICES

	Preferred Provider Organization (PPO)	High Deductible Health Plan with Health Savings Account (HDHP with HSA)	Health Maintenance Organization with Health Reimbursement Account (HMO with HRA)
What it is	PPO: A plan you may choose to receive care from any provider of your choosing. Providers who contract with Florida Blue (in-network) perform their services at a discounted rate, which generally makes your cost for care much less expensive when you choose an in-network provider.	HDHP: A health plan that meets certain federal government qualifications (deductible and out-of-pocket maximum) requires all non-preventive care be subject to the deductible and is paired with an HSA bank account. The client wants all the info in the charts to go to the top of the cell (not centered within the cell.) HSA: A special account owned by you with tax-free funds designated to pay for qualifying medical, dental, vision, and pharmacy expenses. Both you and JEA may contribute to an HSA.	HMO: This plan has fewer copays than the PPO plan with more services subject to the deductible. You are limited to receive care from network providers to be a covered expense. This plan encourages consumers to become educated in the care they're receiving and how much it costs. HRA: An employer-funded account to help you pay for medical expenses only.
Account Eligibility	Flexible Spending Account (FSA) only <i>See page 10 for more information on an FSA</i>	HSA Only <i>See page 8 for more information on an HSA</i>	HRA and FSA <i>See page 8 for more information on an HRA</i>

	PPO	HDHP with HSA	HMO with HRA
Is preventive care covered?	✓ Yes In-network preventive care is covered at 100%		
Can I go to any doctor?	✓ Yes However, you will receive better benefits and pay less for care if you use in-network providers.		X No In-network providers must be used except for emergency care
Do I need a referral to see a specialist?	X No Your insurance plan does not require a referral, but some specialists may require a referral from your doctor.		
Is there a limit on how much I pay in a year?	✓ Yes The out-of-pocket maximum is the most you'll pay in a year for in-network care.		
Does the company help fund a healthcare account?	X No You have access to a Flexible Spending Account funded by your pre-tax contributions	✓ Yes A Health Savings Account is included with this plan funded through contributions made by you and JEA.	✓ Yes Health Reimbursement Arrangement account is included with this plan funded through contributions from JEA

What if I have more than one medical plan?

If you are covered under JEA's medical plan and also have medical insurance somewhere else (such as through a spouse, TRICARE, etc.), your medical benefits will be subject to [Coordination of Benefits \(COB\)](#).

Coordination of Benefits is a practice used to ensure that insurance claims are not paid multiple times when someone is insured under multiple insurance plans. Your JEA plan is primary. The other plan is secondary and will pay next. When your JEA plan is secondary it pays benefits after the primary plan has paid benefits.

If you have more than one medical plan, let Florida Blue know when you enroll and they will work with your other insurance company on your behalf.

Tips for being a wise healthcare consumer

Understand your medical coverage. Read this guide and ask questions if there is something you don't understand.

Establish a relationship with a doctor. Do not wait until you're sick to try to find a primary care doctor. Become an established patient by scheduling an initial exam. The doctor will then have your health history, which is an important tool in good medical care.

Additionally, established patients generally have priority in scheduling appointments.

Use network providers. The doctors and hospitals who are part of the BlueOptions network have agreed to negotiated prices for the services they provide, so you'll generally pay less from your own pocket.

Save the emergency room for emergencies. A hospital emergency room is no place to get care for a common illness. Going to the emergency room for non-emergencies can be very expensive and time-consuming. Consider an Urgent Care Center, Teladoc, or Convenience Clinic (usually inside drugstores) instead.

Shop around. When you need something like an MRI or surgery, contact a Florida Blue Care Consultant (1-888-476-2227) or use the comparison features on www.floridablue.com to compare your options.

TELADOC

SEE A DOCTOR ANYTIME

You and your covered family members have access to Teladoc which allows you to contact a licensed doctor from anywhere at anytime. Using a computer or your cellphone, reach a doctor for assistance with things like a cold, minor injuries, sinus infections, upset stomach, and fevers. Teladoc providers can write prescriptions when appropriate, and you don't have to travel to a doctor's office and wait!

Register online at www.teladoc.com. When you register, you will need to answer some medical questions just like you would for a doctor you see in person. After you've registered, you may contact a doctor when you need them using the contact methods available.

PPO and HMO: \$15 copay

HDHP: Meet your Calendar Year Deductible (CYD) first then \$15 copay

HEALTH ACCOUNTS

HEALTH SAVINGS ACCOUNT (HSA) AND HEALTH REIMBURSEMENT ARRANGEMENT (HRA)

HSA: SAVINGS WHEN YOU NEED CARE

Your HSAs will be administered by HSA Bank beginning January 1, 2022. An HSA is a great way to handle medical, prescription, dental, and vision expenses not covered by your insurance. JEA provides a contribution, and you may make regular tax-free contributions to your account through payroll.

And that's not all:

- You own the account, even if you change plans or jobs
- Your funds roll over from year to year and any growth is tax-free
- Any withdrawal for qualified medical expenses is tax-free

Under the High Deductible Health Plan (HDHP) with HSA JEA will contribute **\$1,100** for employees enrolling in single coverage, and **\$2,200** for employees enrolling in family coverage.

	If You Choose Individual Coverage	If You Choose Family Coverage
JEA contributes	\$1,100	\$2,200
You may contribute up to:	\$2,550	\$5,100
For a total maximum of:	\$3,650	\$7,300

AGE 55 OR OLDER? The IRS permits an extra \$1,000 per year in catch-up contributions.

Contribution maximums are based on 2022 IRS limits and are pro-rated on a monthly basis for coverage lasting less than 12 months.

HSA Eligibility:

You must be enrolled in the HDHP with HSA to have the HSA. You cannot contribute to an HSA if you have other medical coverage (like Medicare or TRICARE) or if you are a dependent on someone else's tax return. In this scenario, you may still enroll in the medical plan. **JEA will make the contribution on your behalf to a health care FSA instead.**

The first time you elect an HSA with JEA you will need to set up an account on-line with HSA Bank (the plan administrator). Please set up your account after your HSA debit card is received.

HRA: JEA-FUNDED MEDICAL CARE

The HRA – a Health Reimbursement Arrangement – is an account established by JEA for your use when you enroll in the HMO with HRA plan. The HRA will be administered by HSA Bank starting January 1, 2022. Funds in the account can be used to pay for qualified medical expenses incurred by you and your covered family members. **Any remaining funds at the end of the year are carried over to the next year up to the annual deductible limit.**

	If You Choose Individual Coverage	If You Choose Family Coverage
JEA contributes	\$600	\$1,200

Unlike an HSA, you are not able to make your own contributions to an HRA. However, you are able to contribute to a Health Care Flexible Spending Account (FSA) to pay for qualifying expenses with pre-tax dollars. Any remaining balance in the FSA is forfeited at the end of the year. HSA Bank administers the HRA accounts.

HEALTH ACCOUNTS

HEALTH SAVINGS ACCOUNT (HSA) AND HEALTH REIMBURSEMENT ARRANGEMENT (HRA)

COMPARING YOUR OPTIONS

Remember that you aren't just choosing an HRA or an HSA, you're also choosing a health plan. You'll need to consider a variety of factors: your general health, whether you expect to receive any expensive treatment or have surgery this year, medications, who you cover, etc. to make the best decision for you.

Eligibility

Must be enrolled in the HDHP through JEA and meet eligibility qualifications for an HSA (see page 8). Must be enrolled in the HMO through JEA.

HSA vs HRA: A Comparison

	Health Savings Account (HSA)	Health Reimbursement Arrangement (HRA)
JEA Contribution*	Single coverage: \$1,100 Family coverage: \$2,200	Single coverage: \$600 Family coverage: \$1,200
Your ability to contribute	You may contribute on a tax-free basis either through payroll deductions or on your own, up to the maximums listed on page 8 (depending on your coverage level).	You are not permitted to contribute to an HRA per IRS regulations.
Eligible Dependents	In most cases, HSA funds may be used for qualified dependents regardless of their medical plan enrollment.	Dependents must be enrolled in the HMO HRA plan through JEA to be eligible for HRA funds.
Rollover	100% of unused funds roll over each year. No exceptions.	Any funds at the end of the year are carried over to the next year up to the annual deductible
Portability (ability to take unused funds with you)	A health savings account belongs to you; you may take the account with you if you leave JEA. The money in the account is always yours.	If you terminate employment with JEA or change your medical plan, the HRA amount will be forfeited.
Eligible expenses	Medical, pharmacy, dental, and vision expenses that fall under the IRS Publication 502 eligibility guidelines.	Medical and pharmacy expenses only.
How to pay for expenses	You will receive a Visa debit card that will allow you to pay for expenses.	You will receive a Mastercard debit card that will allow you to pay for expenses.
Compatibility with an FSA	Health Care FSA: Not eligible Dependent Care FSA: may participate; no impact to eligibility	Health Care FSA: Eligible to make contributions Dependent Care FSA: may participate; no impact to eligibility

The choice is yours based on your individual needs. If you're considering the HDHP with HSA for the first time and have questions about how it may impact your taxes, we encourage you to contact a qualified tax professional to determine what it means for you.

* Prorated JEA contribution for accounts effective after Jan 1, 2022

LIFE AND AD&D INSURANCE

Basic (JEA-provided) life and AD&D insurance

As an employee of JEA, you are provided with life insurance and accidental death and dismemberment (AD&D) coverage at no cost to you. Make sure you designate a beneficiary in Oracle who will receive your life insurance payment if you pass away while covered under this policy.

Voluntary AD&D insurance options

To supplement the AD&D coverage provided by JEA, you have the option to purchase additional AD&D coverage for yourself and your dependents. You may elect up to five times annual salary to a maximum of \$500,000.

Voluntary life insurance options

To supplement the life insurance coverage provided by JEA, you have the option to purchase additional life insurance coverage for yourself and your dependents through Standard. **You must cover yourself to cover your dependents, and a beneficiary designation is required to enroll in additional life insurance.** Your cost for coverage depends on your coverage amount and is available at enrollment.

AD&D

AD&D, or Accidental Death & Dismemberment insurance, is attached to the basic and voluntary life insurance policies you receive through JEA.

Your AD&D coverage is for the same amount as your life insurance and can pay a benefit in one of two ways:

1. If your death is caused due to a covered accident, the AD&D benefit pays in addition to your life insurance. This is sometimes called a “double indemnity” because your beneficiary receives both the life insurance amount and the AD&D amount.
2. If, as the result of a covered accident, you either lose a covered body part (such as a limb) or lose the function of a covered body part, you may receive a percentage of the total AD&D benefit depending on the functions that have been lost.

COVERAGE AMOUNTS FOR YOU

Your life insurance and AD&D benefit amounts depend on your business unit and your salary. Additional life insurance options are based on multiples of your salary as indicated by your business unit to a maximum of \$250,000.

Business Unit	Basic Life and AD&D	Voluntary Life Options
JEA Appointed	3 times your salary to \$500,000	<input type="checkbox"/> 1x <input type="checkbox"/> 2x salary
JEA M&C	2 times your salary to \$350,000	<input type="checkbox"/> 1x <input type="checkbox"/> 2x salary

As a new employee, you may elect up to the **guarantee issue limit of \$250,000** with no medical questions required.

Requests to enroll at a later date will be subject to medical questions and approval by Standard.

DISABILITY INSURANCE

Disability insurance helps to protect your income should you become sick or disabled for an extended period. In the event you cannot return to work, disability insurance can provide you and your family with a continued source of income until you can return to work or retire.

You have the opportunity to purchase both Short-Term Disability Insurance (STD) and Long-Term Disability Insurance (LTD) through Standard Insurance Company. If you elect this coverage as a newly eligible employee, no medical questions are required. Requests to enroll at a later date will be subject to medical questions and approval by Standard. Disability insurance does not pay for injuries received on the job, and benefits are reduced if you receive other payments (such as Social Security).

Short-Term Disability Insurance

	Short-Term Option One: 7 Days	Short-Term Option Two: 14 Days
When benefits begin	On your 8th day of inability to work	On your 15th day of inability to work

How long payments last	Up to 25 weeks if you remain unable to work	Up to 24 weeks if you remain unable to work

- Your premium will depend on your income and the disability option you choose.
- Disability payments coordinate with your JEA regular weekly wages. See the FMLA policy for details.

Long-Term Disability Insurance

When benefits begin	After 180 days of inability to work
How much it pays	60% of your income up to \$5,000 per month
How long payments last	Until your Social Security Normal Retirement Age if you remain unable to work

- Premium will depend on your age and income.
- This plan has a pre-existing condition exclusion; it will not pay for conditions you received treatment for during the 12 months prior to coverage effective date, for the first 12 months the policy is in effect.

TIME AWAY FROM WORK

Time Away from Work

JEA has a comprehensive leave program which includes accrued annual/personal leave for vacation, sick, or personal reasons, Family Medical Leave (FML), and leave of absence (LOA) without pay. In addition to our leave programs, we also have 11 paid holidays and a Personal Leave Day, dependent upon the applicable bargaining unit agreement or employment plan.

Annual/Personal Leave

Annual/personal leave accrues on a bi-weekly basis. Employees must be in a paid status in order to accrue annual leave. Refer to your Collective Bargaining Agreement or the JEA Appointed Staff Employment Plan for more comprehensive details and accrual rates.

Paid Parental Leave

Eligible employee may take up to six (6) weeks of Paid Parental Leave per 12 month period immediately following the birth or adoption of an employee's child. Refer to the Paid Parental Leave Policy for more details.

Family Medical Leave Act (FMLA)

The Family Medical Leave Act (FMLA) provides eligible employees of JEA job-protected leave for specified family and medical reasons. JEA* Policy requires that accrued annual leave (or Paid Paternal Leave) and FML leave run concurrently. Eligible employees are entitled to twelve workweeks of FML in a 12-month period for:

- the birth of a child and to care for the newborn child within one year of birth;
- the placement with the employee of a child for adoption or foster care and to care for the newly placed child within one year of placement;
- to care for the employee's spouse, child, or parent who has a serious health condition;
- a serious health condition that makes the employee unable to perform the essential functions of their job;
- any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on "covered active duty;" or
- twenty-six workweeks of FML during a rolling 12-month period to care for a covered service member with a serious injury or illness if the eligible employee is the service member's spouse, son, daughter, parent, or next of kin (military caregiver leave).

*See the Department of Labor's list of potential covered/eligible leave definitions.

Leave of Absence (LOA) Without Pay

If an employee does not qualify for FMLA, yet requires time for their own personal health reasons, a leave of absence (LOA) may be available. Please see the Civil Service and Personnel Rules and Regulations and/or the JEA Appointed Staff Employment Plan for details on these plans. Any time granted without pay will adjust your service and pension eligibility dates.

All leave options work in tandem with short and/or long-term disability. For questions regarding leave, please call [904-665-5300](tel:904-665-5300).

Holidays

Employees are given paid holidays each year, provided the employee is not on a leave without pay status when the holiday occurs. Employees must be paid the day before and the day after the holiday in order to be paid for the holiday.

IMPORTANT TERMS

- **Allowed Charge or Negotiated Rate** – The maximum amount upon which payment will be based for benefit covered services.
- **Balance Billing** – When a provider bills you for the difference between the provider's charge and the allowed amount. For example, if the provider's charge is \$100 and the allowed amount is \$70, the provider may bill you for the remaining \$30. A preferred provider may not balance bill you for covered services.
- **Beneficiary** – You must list a beneficiary for each of your life insurance plans. Your beneficiary can be a person or a trust. If listing a child, the child must be over the age of 18 to receive the benefits (If under 18, claim payments will be placed in a trust).
- **Calendar Year Deductible (CYD)** – Amount, if any, a member owes per calendar year before the carrier will begin to pay for covered services.
- **Coinsurance** – Your share of the costs of the allowed amount of a covered service, a percent of the allowed amount for the service, after your deductible has been met.
- **Copayment (copay)** – A fixed dollar amount you pay for covered services, usually due when you receive the service.
- **Dependent Care Flexible Spending Account (FSA)** - An employer sponsored benefit that enables employees to set aside pre-tax contributions to pay for eligible daycare expenses.

Employer funded account; employees cannot make contributions. Funds can only be used towards medical expenses for covered members under the HMO medical plan. Remaining funds at the end of the year are carried over to the next year (up to the annual deductible limit).
- **Health Savings Account (HSA)** – Tax-advantaged account available to members enrolled in the High Deductible Health Plan (HDHP). Employer funded account, and employees can make pre-tax contributions. Balance will roll over at the end of the calendar year. Account balances over \$2,000 can be invested in mutual funds. Funds can be used for any eligible tax dependent for medical, dental, or vision out-of-pocket expenses.
- **Healthcare Flexible Spending Account (FSA)** – Tax-advantaged account available for employees to lower their taxable income with pre-taxed contributions. Unused balance does not roll over at the end of the calendar year. Funds can be used only for any eligible tax dependent for medical, dental or vision out-of-pocket expenses.

- **Out-of-Network** – Providers and facilities that are not a part of the network of providers. Balance billing does apply.
- **Pharmacy Tier** – Drugs are grouped into tiers. The tier that your medication is in determines your portion of the drug cost.
 - Tier 1 Preferred Generic

 - Tier 3 Non-preferred Brand Name
 - Tier 4 Usually includes specialty medications
- **Transparency Rules (New)** - The new rules require most employer-sponsored group health plans and health insurance issuers to disclose price and cost-sharing information up front, giving enrollees estimates of any out-of-pocket expense they will have to pay to meet their plan's cost-sharing requirements. Additional guidance and information for applicable mandates will be provided through JEA communications when available.

*Or arrangement as listed on page 12.

ANNUAL DISCLOSURES

YOUR RIGHTS

This section contains important information about your benefits and rights. Please read the following pages carefully and contact Human Resources with any questions you have.

HIPAA Special Enrollment Rights –

A federal law called HIPAA requires that we notify you about an important provision in the plan - your right to enroll in the plan under its “special enrollment provision” if you acquire a new dependent, or if you decline coverage under this plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons.

Loss of Other Coverage (Excluding Medicaid or a State Children’s Health Insurance Program). If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents’ other coverage). However, you must request enrollment within 30 days after your or your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage).

Loss of Coverage for Medicaid or a State Children’s Health Insurance Program. If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children’s health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents’ coverage ends under Medicaid or a state children’s health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption. If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Eligibility for Medicaid or a State Children’s Health Insurance Program. If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children’s health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents’ determination of eligibility for such assistance.

To request special enrollment or to obtain more information about the plan’s special enrollment provisions, contact JEA Benefit Services at 904.655.5300 or Benefits@JEA.com.

Patient Protection –

Florida Blue generally requires the designation of a primary care provider for the HMO plan. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. Until you make this designation, Florida Blue designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Florida Blue at www.floridablue.com. For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from Florida Blue or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact Florida Blue at www.floridablue.com.

Women’s Health and Cancer Rights Act of 1998 –

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women’s Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for all stages of reconstruction of the breast on which the mastectomy was performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, prostheses; and treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

If you would like more information on WHCRA benefits call your plan administrator at 1-800-664-5295.

Wellness Program -

JEA's Wellness Program is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008 and the Health Insurance Portability and Accountability Act, as applicable, among others.

The JEA Wellness Program is committed to helping you achieve your best health. Employees who elect to participate in the biometric screening event during 2021 in the JEA Wellness program will be eligible to receive beginning January 2022 a \$25 wellness credit per pay period (up to \$600 for the calendar year) if they achieve a health score of a 75+ or improve last year's score by 5+ points along with completing a voluntary health risk assessment or "HRA".

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting HealthCheck360 at [866-511-0360](tel:866-511-0360).

Please note an employee completing the biometric screening and HRA will receive a comprehensive report that will include cholesterol ratio, high-density lipoproteins (HDL), low-density lipoproteins LDL, triglycerides, glucose, nicotine, total cholesterol, gamma-glutamyl transferase (GGT), blood urea nitrogen (BUN), creatinine, total bilirubin, aspartate aminotransferase (AST), alanine transaminase (ALT), alkaline phosphatase (ALK) phosphate (PHOS), total protein, albumin and globulin. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks and they may also be used to offer you services through the wellness program, such as educational seminars or health related campaigns and resources. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information: JEA is required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and JEA may use aggregate information it collects to design a program based on identified health risks in the workplace, the Wellness Program will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individuals who will receive your personally identifiable health information are representatives from HealthCheck360 and possibly health coaches you may utilize through HealthCheck360 in order to provide you with services under the wellness program. Florida Blue may also receive wellness program information when necessary to assist with wellness program services. In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted and no information you provide as part of the wellness program will be used in making any employment decision. The Wellness Team completes annual HIPAA training, sign a Confidentiality Agreement and keep all information locked and secured. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate. If you have questions or concerns regarding this notice or about protections against discrimination and retaliation, please contact the Manager of Benefit Services at [904.665.5300](tel:904.665.5300).

Michelle's Law –

Michelle's Law requires group health plans to provide continued coverage for a dependent child covered under the plan if the child loses eligibility under JEA's Group Medical Plan because of the loss of student status resulting from a medically necessary leave of absence from a post-secondary educational institution. If your child is covered under JEA's Group Medical Plan, but will lose eligibility because of a loss of student status caused by a medically necessary leave of absence, your child may be able to continue coverage under our plan for up to one year during the medically necessary leave of absence. This coverage continuation may be available if on the day before the medically necessary leave of absence begins your child is covered under JEA's Group Medical Plan and was enrolled as a student at a post-secondary educational institution.

A “medically necessary leave of absence” means a leave of absence from a post-secondary educational institution (or change in enrollment status in that institution) that: (1) begins while the child is suffering from a serious illness or injury, (2) is medically necessary, and (3) causes the child to lose student status as defined under our plan.

The coverage continuation is available for up to one year after the first day of the medically necessary leave of absence and is the same coverage your child would have had if your child had continued to be a covered student and not needed to take a medical leave of absence. Coverage continuation may end before the end of one year if your child would otherwise lose eligibility under the plan – for example, by reaching age 26 or 30 as applicable.

If your child is eligible for this coverage continuation and loses coverage under the plan at the end of the continuation period, COBRA continuation may be available at the end of the Michelle’s Law coverage continuation period.

If you believe your child is eligible for this continued eligibility, you must provide to the plan a written certification by the child’s treating physician that the child is suffering from a serious illness or injury and that the leave of absence is medically necessary. The written certification must be provided to JEA Benefit Services. (See contact info below.)

If you have any questions concerning this notice or your child’s right to continued coverage under Michelle’s law, please contact JEA Benefit Services, 21 West Church Street, Jacksonville, FL 32202 at 904-665-5300, e-mail: Benefits@JEA.com.

Statement of Rights Under the Newborns’ and Mothers’ Health Protection Act –

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your plan administrator.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a state listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are **not** currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **877.KIDS.NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **866.444.EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2021. Contact your state for more information on eligibility.

MEDICARE D NOTICE

Important Notice from JEA About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with JEA and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide a minimum standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. JEA has determined that the prescription drug coverage administered by Florida Blue is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current JEA coverage will not be affected.

You can keep your JEA group medical coverage if you elect Part D and the JEA group medical coverage will coordinate with Part D coverage.

If you do decide to join a Medicare drug plan and drop your current JEA coverage, be aware that you and your dependents will not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with JEA and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you leave nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan and if this coverage through JEA changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You will receive a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help.
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

EFFECTIVE DATE: October 1, 2020

This Notice of Privacy Practices (the “Notice”) describes the legal obligations of the JEA Self-Funded Medical Plan (the “Plan”) and your legal rights regarding your protected health information held by the Plan under the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) and the Health Information Technology for Economic and Clinical Health Act (“HITECH”). Among other things, this Notice describes how your protected health information may be used or disclosed to carry out treatment, payment or health care operations, or for any other purposes that are permitted or required by law. We are required to provide this Notice of Privacy Practices to you by HIPAA. The HIPAA Privacy Rule protects only certain medical information known as “protected health information.” Generally, protected health information is health information, including demographic information, collected from you or created or received by a health care provider, a health care clearinghouse, a health plan, or your employer on behalf of a group health plan, from which it is possible to identify you and that relates:

1. your past, present, or future physical or mental health or condition;
2. the provision of health care to you; or
3. the past, present, or future payment for the provision of health care to you.

Understanding what is in your record and how your health information is used helps you to ensure its accuracy, better understand who, what, when, where, and why others may access your health information, and helps you make more informed decisions when authorizing disclosure to others.

 - was not created by us, unless you provide a reasonable basis to believe that the originator of the protected health information is no longer available to act on the requested amendment;
 - is not part of your medical or billing records;
 - is not available for inspection as set forth above; or
 - is accurate and complete.In any event, any agreed upon amendment will be included as an addition to, and not a replacement of, already existing records.

 - to carry out treatment, payment and health care operations as provided above;
 - to persons involved in your care or for other notification purposes as provided by law; to correctional institutions or law enforcement officials as provided by law; for national security or intelligence purposes;

 - that are part of a limited data set (does not contain protected health information that directly identifies individuals);
 - made to you, a covered dependent, or your personal representative;
 - disclosures made pursuant to an authorization from you.

7. **Revoke your authorization to use or disclose health information** except to the extent that we have already taken action in reliance on your authorization, or if the authorization was obtained as a condition of obtaining insurance coverage and other applicable law provides the insurer that obtained the authorization with the right to contest a claim under the policy.
