

Building Community

Doing Business with JEA

Explore your Options

JEA's needs are diverse and range from the purchase of office supplies to major construction projects. As a municipal, community-focused utility we strive to keep opportunities within the communities we serve, to help our local businesses continue to grow and thrive. If you are looking to partner with JEA, we have a variety of ways to find opportunities that align with your business goals

“Doing Business with JEA” Virtual Workshop

Attend our virtual workshop every 3rd Thursday to learn more about opportunities and programs available.

Become a Vendor

Sign-up as a potential supplier with us to participate in sourcing events for various opportunities.

Jacksonville Small Emerging Business and Supplier Diversity Program (JSEB)

JEA is committed to a diverse supplier network that reflects the customers and communities we serve. The JSEB program helps to establish and strengthen relationships with local small business owners in our community.

Become an Approved Manufacturer or Distributor

JEA's storerooms stock a variety of electric and water materials that can be found in our Master Material Catalogs online. Only approved manufacturers and distributors can be considered as a supplier of these products.
