JEA will Award a Contract(s) to the Respondent that meets the Minimum Qualifications stated herein, and is the highest evaluated Respondent for the "TRAPC016" tab.

1.3.2. EVALUATION AND NEGOTIATION PROCESS

A selection committee (the "Selection Committee"), will be appointed to review and evaluate each Response. The members of the Selection Committee will separately and independently evaluate and rank the Responses using the Selection Criteria specified in this Solicitation. JEA will use this ranking to develop a short-list of companies with which to begin the negotiation process (the "Short-list").

As a part of the evaluation process, JEA may contact the references provided by a Respondent for the purpose of independently verifying the information provided in a Response, and to assess the extent of the success of projects associated with those references. JEA also reserves the right to contact references not provided by Respondents. JEA may request additional references from Respondents. The results of the reference checking may influence JEA's evaluation of Responses.

Prior to developing the Short-list, JEA may request that a Respondent provide additional information or additional project references to clarify its Response so that JEA may make an accurate assessment in developing the Short-list. JEA must be satisfied that the successful Respondent has the necessary technical expertise, experience, and resource capabilities to satisfactorily perform the Work described in this Solicitation.

Respondents are cautioned to present the best possible pricing offer in their initial Responses. Failing to do so may result in a Respondent not making the Short-list.

Once a Short-list is developed, a negotiating team (the "Negotiating Team") will be appointed. The Negotiation Team may have the same members as the Selection Committee. JEA may negotiate concurrently or separately with Respondents on the Short-list. JEA may seek clarifications, request revised Responses, and request additional

information JEA deems necessary for proper evaluation of the Responses. JEA may incorporate value added services or innovations recommended by a Respondent into the Work.

A Respondent on the Short-list may be required, at the sole option of JEA, to make an oral presentation, provide additional written clarifications to its Response, or JEA may require site visits to Respondent's facilities. Oral presentations, hand-outs, and written clarifications will become a part of the Response as if originally submitted.

After the conclusion of all negotiations deemed by JEA to be in its best interest, the Short-listed Respondents will be given a deadline to submit their best and final offer (the "BAFO"). The negotiation process will stop upon submission of the BAFO. Respondents will not be allowed to make further adjustments to their BAFOs or communicate further with JEA, except to respond to requests for clarification from the Negotiating Team.

The Negotiating Team will determine the final rankings of the Short-list based on the BAFO submissions. JEA does not anticipate reopening negotiations after receiving the BAFOs, but reserves the right to do so if it believes doing so will be in the best interests of JEA. In the event that JEA reopens negotiations, any final rankings will be revised accordingly.

Negotiation sessions will not be open to the public, but will be recorded. All recordings of negotiation sessions and any records, documents, and other materials presented at negotiation sessions are public records and can be released pursuant to a public records request after a notice of intended decision for this Solicitation is posted, or 30 days after the opening of the Responses, whichever occurs earlier.

The Award recommendation of the Negotiating Team will be based upon the scoring of the BAFOs using the Selection Criteria described in this Solicitation. The Respondent with the highest score will be recommended to JEA's Chief Procurement Officer (the "CPO") for approval. Once approved, the CPO will recommend an Award to the JEA Awards Committee and Chief Executive Officer for final approval.

In its sole discretion, JEA reserves the right to withdraw this Solicitation either before or after receiving Responses, to reject any and all Responses either in whole or in part, with or without cause, or to waive any Solicitation requirement informalities, minor irregularities, and deficiencies in any Response, and to determine such actions as are in the best interest of JEA to the extent allowable under applicable laws. Issuance of this Solicitation in no way constitutes a commitment by JEA to make an Award or enter into a Contract.

All Responses submitted to JEA are subject to all terms and conditions contained in this Solicitation and JEA's Procurement Code. Any and all additional terms and conditions submitted by Respondents are rejected and shall have no force unless specifically agreed to by JEA in writing.

Upon JEA's receipt of the executed Contract and certificate of insurance, JEA will issue either a Notice to Proceed or a PO, in writing and signed by an authorized JEA representative as acceptance of the Proposal and authorization for the company to proceed with the Work, unless otherwise stated in the Contract or PO.

1.5.4. EX PARTE COMMUNICATION

In the event of a request for public records to which documents that are marked as confidential are responsive, JEA will provide the Redacted Copy to the requestor. If a requestor asserts a right to any redacted information, JEA will notify Respondent that such an assertion has been made. It is Respondent's responsibility to respond to the requestor to assert that the information in question is exempt from disclosure under applicable law. If JEA becomes subject to a demand for discovery or disclosure of Respondent's redacted information under legal process, JEA shall give Respondent prompt notice of the demand prior to releasing the information (unless otherwise prohibited by applicable law.) Respondent shall be responsible for defending its determination that the redacted portions of its response are not subject to disclosure.

In the event that the Company Supervisor and the Company Representative are the same person, the Company shall notify the Project Manager.

2.2.19. DELIVERY

The time at which JEA receives the Work at the designated facility.

2.2.20. DELIVERY REQUIREMENTS MONITORING PROCEDURE

During the Term of this Contract JEA will continually monitor the Company's compliance with Delivery Requirements of orders placed under this Contract. The Delivery Requirements are the lead-times stated in this Contract. If the Company fails to meet the Delivery Requirements stated herein, it may be found to be in default of

the Contract. JEA will utilize two different calculations to determine the Company's compliance with Delivery Requirements.

Process for Calculation of Delivery Requirements:

Each day JEA will calculate a "Daily On Time Percentage" which will be based upon current pending open orders only. Note that this calculation will not be based on all orders that have been placed during the Term of the Contract, and will not take into consideration any orders that have already been delivered. Also, partial on-time orders will not be credited or included in the calculation as JEA is simply calculating if the total order itself was filled on-time and not the delivery time of individual items

If Company's "Daily on Time Percentage" falls below 80%, JEA will then perform a second calculation to determine the Company's "Thirty Day Lead Time Performance Average". If the Company's "Thirty Day Lead Time Performance Average" is below 80%, the Company will be determined to be in default of the Contract. Further details of the default process is identified below.

Calculation Formulas:

1. Daily On Time Percentage

The formula for "Daily On Time Percentage" will utilize the total number of pending orders that are within the lead-time range stated in the Contract, and divided by the total number of outstanding orders, which will include pending orders that are still within the lead-time range stated in the Contract and those orders that are currently late.

Example Calculation: Daily On Time Percentage = # orders on time per day / # open orders per day

2. Thirty Day Lead Time Performance Average

The Formula for "Thirty Day Lead Time Performance Average" will calculate the mean average of the "Daily On Time Percentage" over thirty consecutive calendar days.

Example Calculation: Thirty Day Lead Time Performance Average = {Daily On Time Percentage # 1 + Daily On Time Percentage #2 + Daily On Time Percentage #3... Daily On Time Percentage #30} / 30 Days

Probation/Default Process:

The Company will be determined to be default of the Contract when the "Thirty Day Lead Time Performance Average" falls below 80%.

The Company will immediately be notified of the deficiency and will be given a six (6) month probation period in which the Company must improve its "Daily On Time Percentage" and "Thirty Day Lead Time Performance Average". The probation period will be considered the Company's notice cure in accordance with the below procedure and the termination for Default clause of this Contract.

The Contract will be terminated for default if Company meets one of the following conditions:

1. During a probation/notice to cure period, if "Thirty Day Lead Time Performance Average" drops below 80%
2. During a probation/notice to cure period, if "Daily On Time Percentage" remains below 80% for more than fifteen consecutive (15) days.
3. The "Thirty Day Lead Time Performance Average" falls below 80% a combined total of three (3) times during the Term of the Contract. In this instance, the Company would have been placed on two probationary periods, but had a third failure to perform.

An example is provided below to show how the “Daily On Time Percentage” figure will be calculated with data as of 3/11/2020, for a sampling of three (3) total Contracts.

PO Number	PO Release Number	Item Number	PO Quantity	PO Quantity Received	PO Release Date	Contracted Lead Time	Estimated Delivery based on Oracle Lead Time	Current Date	Currently Late
180538	4	CAIUF001	40000	0	1/31/2020	70.0	4/10/2020	3/11/2020	Acceptable
180538	5	CAIUF001	40000	0	2/19/2020	70.0	4/29/2020	3/11/2020	Acceptable
182559	49	TAPMU001	5	0	1/27/2020	58.0	3/25/2020	3/11/2020	Acceptable
182559	54	ARRST042	3	0	2/26/2020	72.0	5/8/2020	3/11/2020	Acceptable
182559	52	CDUCL028	30	0	2/14/2020	5.0	2/19/2020	3/11/2020	Late
182559	56	CNNWC220	300	0	3/2/2020	3.0	3/5/2020	3/11/2020	Late
182559	57	CNNTLR66	500	0	3/3/2020	7.0	3/10/2020	3/11/2020	Late
182643	16	FIBBX001	5	0	2/11/2020	62.0	4/13/2020	3/11/2020	Acceptable
182643	17	ANCAE005	8	0	2/13/2020	49.0	4/2/2020	3/11/2020	Acceptable
182643	13	FIBBX001	5	0	12/27/2019	62.0	2/27/2020	3/11/2020	Late
182643	18	CNNPA604	7	0	2/14/2020	0.0	2/14/2020	3/11/2020	Late

- For Contract Agreement 180538, the “Daily On Time Percentage” would be 100% as two (2) out of two (2) orders are on time.

$$\text{Daily On Time Percentage} = 2 \text{ orders on time per day} / 2 \text{ open orders} = 100\%$$

- For Contract Agreement 182559, the “Daily On Time Percentage” would be 40% as only two (2) of the total five (5) orders are on time.

$$\text{Daily On Time Percentage} = 2 \text{ orders on time per day} / 5 \text{ open orders} = 40\%$$

Because the 40% figure is below the 80% threshold for “Daily On Time Percentage”, JEA would then proceed to calculate the “Thirty Day Lead Time Performance Average” to determine next steps.

- For Contract Agreement 182643, the “Daily On Time Percentage” would be 50% as only two (2) of the total four (4) orders are on time.

$$\text{Daily On Time Percentage} = 2 \text{ orders on time per day} / 4 \text{ open orders} = 50\%$$

Because the 50% figure is below the 80% threshold for “Daily On Time Percentage”, JEA would then proceed to calculate the “Thirty Day Lead Time Performance Average” to determine next steps.

The quarterly price adjustment for Aluminum shall be in accordance with PLATTS Metals Daily PDF weekly average for "MW US Trans Premium" and PLATTS LME Close publication weekly average for "LME HG Settlement". The weekly average figures that will be used will be the last full week prior to the respective "Anniversary Date", as reported by PLATTS. If the "Anniversary Date" falls during the middle of the week, the data that would be used would then be the preceding full week prior to the "Anniversary Date". For example, if the respective Anniversary Date was January 13, 2021, the weekly average would be from January 4th to January 8th. The pricing for Aluminum will be calculated by adding the 1) LME HG Settlement weekly average, found in the PLATTS LME Close publication under the table labeled "LME Weekly Averages", with 2) MW US Trans Premium weekly average, found in the PLATTS Daily PDF under the Daily Prices table located with the data being located under the "Week avg" column.

The Initial Aluminum Base was calculated by 1) dividing the LME Settlement of 2028.20 by 2204.623 and 2) dividing the MW US Transaction Premium of 14.890 by 100 and then adding these two figures together. This reported figure will then be compared to the initial Aluminum Base to measure the applicable percentage change.

The quarterly price adjustment for Copper shall be in accordance with PLATTS Metals Daily PDF weekly average for "COMEX HG 1st Position". The weekly average figures that will be used will be the last full week prior to the respective "Anniversary Date", as reported by PLATTS. If the "Anniversary Date" falls during the middle of the week, the data that would be used would then be the preceding full week prior to the "Anniversary Date". For example, if the respective Anniversary Date was January 13, 2021, the weekly average would be from January 4th to January 8th. The pricing for Copper will be determined by using the weekly average of COMEX HG 1st Position, found in the PLATTS Daily PDF under the Daily Prices table located with the data being located under the "Week avg" column.

The Initial Copper Base was calculated by taking the COMEX 1st Position reported figure of 364.250 and dividing by 100. This reported figure will then be compared to the initial Copper Base to measure the applicable percentage change.

The quarterly price adjustment for Oil shall be in accordance with the U.S. Energy Information Administration: Crude Oil Prices: West Texas Intermediate (WTI) - Cushing, Oklahoma (DCOILWTICO). The U.S. Energy Information Administration publishes this value daily. The pricing for the Oil will be determined by using the last daily reported figure that is the published and available on the Anniversary Date. This reported figure will then be compared to the initial Oil Base to measure the applicable percentage change.

The quarterly price adjustment for All other Variable Costs and Margins shall be in accordance with the Consumer Price Index for All Urban Consumers: All Items (CPIAUCNS). The Bureau of Labor Statistics publishes this value monthly. The pricing for the All other Variable Costs and Margins category will be determined by using the last monthly reported figure that is the published and available on the Anniversary Date. This reported figure will then be compared to the All other Variable Costs and Margins Base to measure the applicable percentage change.

Appendix C – Price Adjustment Formula example will be used for adjusting during the term of the Contract.

This Section shall in no way limit JEA's right to all remedies for nonperformance provided under law or in equity. Further, the rights and remedies available to JEA are distinct, separate and cumulative remedies, and no one of them, whether or not exercised by a party, shall be deemed to be in exclusion of any other.

In the event of termination for nonperformance, the Company shall immediately surrender all Work records to JEA. In such a case, JEA may set off any money owed to the Company against any liabilities resulting from the Company's nonperformance.

If JEA undertakes to correct the work or perform the services, JEA shall be entitled to set off against and deduct from any monies due, or which may become due to the Company, the reasonable cost incurred by JEA. If the corrective work or services cannot reasonably be completed within such three (3) business day period, and the Company immediately begins corrective work or services, and JEA reasonably determines that the Construction Manager is diligently pursuing completion of such corrective work or Services, JEA agrees to allow the Company to complete correction of the defective or unacceptable work or perform services within a reasonable period of time.

All costs and expenses incurred by JEA pursuant to this Paragraph shall be deducted by JEA from monies due, or which may become due, to the Company for performance of the Services and its obligations herein.

The provision of this Paragraph are cumulative to all other provisions of the Agreement and it is not intended that any deductions in payment taken pursuant to this Paragraph shall diminish or waive JEA's right to declare the Company in default in accordance with applicable provisions of the Agreement or to exercise any other right or remedy available to JEA.

If the Company believes that any portion of any documents, data or other records submitted to JEA are exempt from disclosure under Chapter 119, Florida Statutes, the Florida Constitution and related laws ("Florida's Public Records Laws"), Company must (1) clearly segregate and mark as "Confidential" the specific sections of the document, data and records that the Company claims are confidential, (2) cite the specific Florida Statute or other legal authority for the asserted exemption, and (3) provide JEA with a separate redacted copy of the documents, data, or records (the "Redacted Copy"). The Redacted Copy shall contain JEA's contract name and number, and shall be clearly titled "Redacted Copy". Company shall only redact those portions of records that Company claims are specifically exempt from disclosure under Florida's Public Records Laws. In the event of a public records or other disclosure request under Florida's Public Records Laws or other authority to which the Company's documents, data or records are responsive, JEA will provide the Redacted Copy to the requestor. If a requestor asserts a right to any redacted information, JEA will notify the Company that such an assertion has been made. It is the Company's responsibility to respond to the requestor to assert that the information in questions is exempt from disclosure under applicable law. If JEA becomes subject to a demand for discovery or disclosure of the redacted information under legal process, JEA shall give the Company prompt notice of the demand prior to releasing the redacted information (unless otherwise prohibited by applicable law). The Company shall be responsible for defending its determination that the redacted portions of the information are not subject to disclosure.

The Company shall protect, defend, and indemnify JEA from and against all claims, demands, actions, suits, damages, liabilities, losses, settlements, judgments, costs, and expenses (including but not limited to reasonable attorney's fees and costs) arising from or relating to the Company's assertion that all or any portion of its information is not subject to disclosure.

If, under the Contract, the Company is providing services and is acting on behalf of JEA as contemplated by subsection 119.011(2), Florida Statutes, the Company shall:

1. Keep and maintain public records that ordinarily and necessarily would be required by JEA in order to perform service;

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law; and
4. Meet all requirements for retaining public records and transfer, at no cost, to JEA all public records in possession of the Company upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically shall be provided to JEA in a format that is compatible with the information technology systems of JEA.

JEA will give the Company written notice of any such claim, action or proceeding and, at the request and expense of the Company, JEA will provide the Company with available information, assistance and authority for the defense.

If, in any action or proceeding, the Work, or any part thereof, is held to constitute an infringement, the Company will, within 30 days of notice, either secure for JEA the right to continue using the Work or will, at the Company's expense, replace the infringing items with non-infringing Work or make modifications as necessary so that the Work no longer infringes.

The Company will obtain and pay for all patent and other intellectual property royalties and license fees required in respect of the Work.

The Company shall not copy, reproduce, or disclose to third parties, except in connection with the Work, any information that JEA furnishes to the Company. The Company shall insert in any subcontract a restriction on the use of all information furnished by JEA. The Company shall not use this information on another project. The Company shall return all information furnished by JEA upon completion of the Work. Upon request of JEA, Company must certify in writing that all information furnished to JEA has been returned to JEA and eliminated from Company's and any applicable subcontractors' computer systems.

Company will, at its own expense, procure for JEA the right to continue use of the Services, parts or combinations thereof, or processes used therein resulting from a suit or judgment on account of patent, trademark or copyright infringement.

If, in any such suit or proceeding, a temporary restraining order or preliminary injunction is granted, Company will make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the suspension of such restraining order or temporary injunction.

If, in any such suit or proceeding, any part of the Services is held to constitute an infringement and its use is permanently enjoined, Company will, at once, make every reasonable effort to secure for JEA a license, authorizing the continued use of the Work. If Company fails to secure such license for JEA, Company will replace the Work with non-infringing Work, or modify the Work in a way satisfactory to JEA, so that the Work are non-infringing.

2.8.6. WORK MADE FOR HIRE

With the exception of Company's pre-existing intellectual capital and third-party Intellectual Property, JEA shall own all right, title and interest, including ownership of copyright (limited to the extent permitted by the terms of any governing licenses), in and to any product generated by the Work including, but not limited to, software, source code, reports, deliverables, or work product developed by the Company for JEA in connection with the Work, and derivative works relating to the foregoing. Such Work shall include, but shall not be limited to, those reports and deliverables specified in the Contract Documents. The Company understands and agrees that the Work, or any portion of the Work, shall be a "work made for hire" for JEA pursuant to federal copyright laws. Any software, report, deliverable, or work product as used in connection with the Work, but, previously developed by the Company specifically for other customers of the Company or for the purpose of providing substantially similar services to other Company customers, generally shall not be considered "work made for hire", so long as the foregoing are not first conceived or reduced to practice as part of the Work. To the extent any of JEA deliverables are not deemed works made for hire by operation of law, the Company hereby irrevocably assigns, transfers, and

conveys to JEA, or its designee, without further consideration all of its right, title and interest in such Work, including all rights of patent, copyright, trade secret, trademark or other proprietary rights in such materials. Except as provided in the foregoing sentences, the Company acknowledges that JEA shall have the right to obtain and hold in its own name any intellectual property right in and to the Work. The Company agrees to execute any documents or take any other actions as may reasonably be necessary, or as JEA may reasonably request, to perfect or evidence JEA's ownership of the Work.

2.10. COMPANY'S RESPONSIBILITIES AND PERFORMANCE OF THE CONTRACT

2.10.1. JEA ACCESS BADGES

If the Work requires an individual to access JEA's facilities or properties, the Project Manager or other JEA Representative will determine whether or not such individual must have a JEA access badge prior to accessing JEA facilities or properties. This determination will be made based upon the business need and in accordance with JEA's applicable security policies and procedures. In no event shall individuals share JEA access badges.

Individuals issued an access badge must adhere to all of JEA's security badge usage policies and procedures. Violation of the provisions of this Section or any of JEA's security policies may result in immediate termination of the Contract.

In particular, JEA shall be notified within 24 hours of a lost or stolen JEA access badge or when an individual leaves the Company or any subcontractor. The Company will bear any costs associated with issuance, and production, of any lost or stolen JEA access badge. The Company is required to report all badge loss, or termination, notifications to the JEA Representative and JEA Security. JEA Security can be contacted at (904) 665-8200 and security@jea.com. The Company shall be responsible for all such costs and JEA shall have the right to immediately terminate the Contract.

The provisions in this Section shall apply to Company's Subcontractors and agents performing any of the Work and shall be included in Company's contracts with its Subcontractors for any part of the Work.

The background screening must be conducted prior to the employee providing any services or performing any Work for JEA. JEA has the right to require more regular background checks and has the right to require that the Company provide background check results to JEA. JEA shall have the right to audit the Company's background check process to ensure compliance with JEA standards. If, at any time, the Company discovers that an individual providing services to JEA as a part of the Work has a criminal record that includes a felony or misdemeanor, the Company shall immediately inform JEA and JEA will assess the circumstances surrounding the conviction, time frame, nature, gravity and relevancy of the conviction to the job duties. JEA, in its sole discretion, shall determine whether the individual will be placed on, or terminated from, a JEA assignment. Additionally, all individuals providing services to JEA shall have the responsibility to self-disclose any misdemeanor or felony conviction that occurs while assigned to JEA within three business days of the conviction. If the Company learns of any such conviction, the Company shall notify JEA immediately. The Company shall comply with all applicable laws and regulations governing the conduct of background checks, including but not limited to the Fair Credit Reporting Act (FCRA). Failure of the Company to comply with the terms of this paragraph may result in immediate termination of its contract with JEA.

However, any such notification by the Company shall not affect the Company's obligations to secure JEA's data as provided under the Contract. 2.11. VENDOR PERFORMANCE EVALUATION

2.11.1. VENDOR PERFORMANCE EVALUATION

Use of Vendor Performance Evaluation Scorecards

JEA may evaluate the Company's performance using the evaluation criteria shown on the vendor scorecard available which are available online at jea.com.

Scores for all metrics shown on the evaluation range from a low of 1, meaning significantly deficient performance, to a high of 5, meaning exceptionally good performance. The Company's performance shall be classified as Top Performance, Acceptable Performance, or Unacceptable Performance, as defined herein. The evaluator will be a designated JEA employee. The evaluator's supervisor and the Chief Purchasing Officer will review deficient performance letters and Unacceptable Performance scorecards, as described below, prior to issuance. When evaluating the Company's performance, JEA will consider the performance of the Company's Subcontractors and suppliers, as part of the Company's performance.

Frequency of Evaluations

JEA may conduct performance evaluations and prepare scorecards in accordance with the procedures described herein at any time during performance of the Work or soon after the completion of the Work. JEA may conduct one or more evaluations determined solely at the discretion of JEA.

Unacceptable Performance

If at any time, JEA determines, using the criteria described on the scorecard, that the performance of the Company is Unacceptable, the Project Manager and Chief Procurement Officer or her designated alternate will notify the Company of such in a letter. The Company shall have 10 days to respond to the Project Manager. Such response shall include, and preferably be delivered in-person by an officer of the Company, the specific actions that the Company will take to bring the Company's performance up to at least Acceptable Performance.

Within 30 days from date of the first Unacceptable Performance letter, the Project Manager and Chief Purchasing Officer or her designated alternate will notify the Company by letter as to whether its performance, as determined solely by JEA, is meeting expectations, or is continuing to be Unacceptable. If the Company's performance is described in the letter as meeting expectations, no further remedial action is required by the Company, as long as Company's performance continues to be Acceptable.

If the Company's performance as described in the letter continues to be Unacceptable, or is inconsistently Acceptable, then the Company shall have 15 days from date of second letter to demonstrate solely through its performance of the Work, that it has achieved Acceptable Performance. At the end of the 15-day period, JEA will prepare a scorecard documenting the Company's performance from the start of Work, or date of most recent scorecard, whichever is latest, and giving due consideration to improvements the Company has made in its performance, or has failed to make. If the scorecard shows Company's performance is Acceptable, then no further remedial action is required by Company as long as Company's performance remains Acceptable. If the scorecard shows the Company's performance is Unacceptable, JEA will take such actions as it deems appropriate including, but not limited to, terminating the Contract for breach, suspending the Company from bidding on any JEA related solicitations, and other remedies available in the JEA Purchasing Code and in law. Such action does not relieve the Company of its obligations under the Contract, nor does it preclude an earlier termination.

In the event that the Contract Term or the remaining Term of the Contract does not allow for the completion of the deficient performance notification cycles described above for those in danger of receiving an Unacceptable Performance scorecard, JEA may choose to accelerate these cycles at its sole discretion.

If the Company receives five or more letters of deficiency within any 12-month period, then JEA will prepare a scorecard describing the deficiencies and the Company's performance will be scored as Unacceptable.

Acceptable Performance

JEA expects the Company's performance to be at a minimum Acceptable.

Disputes

In the event that the Company wants to dispute the results of its scorecard performance evaluation, the Company must submit a letter to the Chief Procurement Officer supplying supplemental information that it believes JEA failed to take into account when preparing the scorecard. Such letter, along with supplemental information, must be submitted no later than 10 days following the Company's receipt of the scorecard. If the Chief Procurement Officer decides to change the scorecard, the Company will be notified and a revised scorecard will be prepared, with a copy issued to the Company. If the Chief Procurement Officer decides that no change is warranted, the decision of the Chief Procurement Officer is final. If the Company is to be suspended from consideration for future Award of any contracts, the Company may appeal to the Procurement Appeals Board as per JEA Procurement Code.

Public Records

There can be no expectation of confidentiality of performance-related data in that all performance-related data is subject to disclosure pursuant to Florida Public Records Laws. All scorecards are the property of JEA.

2.12. JEA RESPONSIBILITIES

2.12.1. SUSPENSION OF WORK

Suspension of Work shall not affect any other rights or remedies JEA may have under this Solicitation and the Contract.

2.12.2. FORCE MAJEURE

No party shall be liable for any default or delay in the performance of its obligations under the Contract due to an act of God or other event to the extent that: (a) the non-performing party is without fault in causing such default or delay; (b) such default or delay could not have been prevented by reasonable precautions; and (c) such default or delay could not have been reasonably circumvented by the non-performing party through the use of alternate sources, work-around plans or other means. Such causes include, but are not limited to: act of civil or military authority (including but not limited to courts or administrative agencies); acts of God; war; terrorist attacks; riot; insurrection; inability of JEA to secure approval, validation or sale of bonds; inability of JEA or the Company to obtain any required permits, licenses or zoning; blockades; embargoes; sabotage; epidemics; pandemics; outbreaks of communicable disease; quarantines; fires; hurricanes, tornados, floods; other natural disasters; or strikes.

In the event of any delay resulting from such causes, the time for performance of each of the parties hereunder (including the payment of monies if such event actually prevents payment) shall be extended for a period of time reasonably necessary to overcome the effect of such delay, except as provided for elsewhere in the Contract Documents.

In the event of any delay or nonperformance resulting from such causes, the party affected shall promptly notify the other in writing of the nature, cause, date of commencement and the anticipated impact of such delay or nonperformance. Such written notice shall indicate the extent to which it is anticipated that any delivery or completion dates will be thereby affected within seven calendar days.
