**MINIMUM QUALIFICATIONS:**

Respondent shall meet the following Minimum Qualifications to be considered eligible to submit a Response to this ITN. JEA reserves the right to ask for back up documentation to confirm the Respondent meets the requirements stated below. A Respondent not meeting criteria will have their Response rejected:

- I. Company shall be in the business of providing real-time weather forecasting and alert services. The company will provide proposal documentation (free form) to describe their business.

And

- II. The Respondent shall have successfully completed or be providing similar services as requested in this solicitation for any two (2) years in the last five (5) year period. Similar services are defined as near real-time damage impact forecast and restoration resource forecasting services for a United States electric utility(s) with a customer base of at least 250,000. The Respondent may use up to three (3) electric utility customers to meet the 250,000 customer base requirement.
