

# CITY OF JACKSONVILLE NOTES GENERAL

All construction shall be performed in accordance with the approved plans and comply with all standard city policies and ordinances. City approval is contingent upon any required state or federal permit approvals such as those from the Department of Environmental Protection or the St. Johns River Water Management District (SJRWMD).

## UTILITY WORK

Plan approval through Development Services does not include utilities. Proposed water, sewer or electric construction must be approved separately through the respective utility company. In most cases, this will be the responsibility of the applicant.

## WORK WITHIN THE RIGHT-OF-WAY

CITY: Except for new subdivision infrastructure construction, all work performed within a City of Jacksonville right-of-way or easement requires a Right-of-Way Permit. The contractor performing the proposed work must have a current Right-of-Way Bond on file with Development Services. Right-of-Way Permit applications are processed at the City of Jacksonville.

STATE: All work performed within a state right-of-way requires a permit from the Florida Department of Transportation (FDOT). It is the developer's responsibility to obtain required FDOT permits or maintenance-of-traffic approvals for work within FDOT right-of-ways. The FDOT regional office can be contacted at (904) 366-5500 for any changes to the approved plans needed for FDOT approval must be submitted to Development Services as revisions.

## RAILROAD

Railroad companies may require special approvals or permits to work within their right-of-ways. It is the developer's responsibility to obtain permission from any railroad right-of-way owner before performing any work within their right-of-way.

## STORMWATER

Annual reports in compliance with the SJRWMD stormwater permits are required from the maintenance entity of all stormwater management facilities. Send copies of the reports to:

Engineering and Construction Management  
Attn: Bill Kelley, Director  
2101 N. 1st Street  
Jacksonville, FL 32202

The owner of any project one (1) acre or larger is required to provide a notice of intent (NOI) in accordance with the city's NPDES permit within 48 hours of beginning construction. Send NOI and NOI fee to:

Attn: Bill Kelley, Director  
2101 N. 1st Street  
Jacksonville, FL 32202

The contractor shall contact the Environmental Quality Division, Erosion and Sedimentation Control Section (ECS) to provide verification that applicable stormwater permits have been obtained and to schedule a pre-construction ECS site inspection.

## FIRE MARSHALL

Plan review and approval does not relieve the contractor of complying with all applicable State Fire Codes.

Underground mains and hydrants shall be installed, completed, and in service prior to construction work.

Underground contractor shall submit to the Fire Marshal for approval complete specs for all underground pipe and fittings relating to the protection PRIOR to installation and inspection. Contractor shall include manufacturer's name and joint ID along with contractor's sales license number.
