Addendum Number: One (1)

Title: Sand/Grit Cleaning and Hauling Service at Buckman Water Reclamation Facility (WRF)

JEA Solicitation Number: 051-19

Response Due Date: April 2, 2019

Due Date Time: 12:00 PM

Time of Opening: 2:00 PM

This addendum is for the purpose of making the following additions, deletions and changes.

CHANGE: The Bid Due Date is April 2, 2019, 12:00 PM Noon.

ADD: Safety Qualification Requirements as Section 1.2.4.

1.2.4 SAFETY QUALIFICATION REQUIREMENTS

Respondent shall be approved as JEA Safety Qualified within ten (10) business days of receiving written notice from the JEA Bid Office that it is the lowest responsive and responsible Respondent. If the Respondent fails to obtain JEA approval as a JEA Safety Qualified company by 4:00 PM Eastern Time on the 10th business day, JEA may reject the company's Bid, and proceed to Award to the next lowest responsive and responsible Respondent.

JEA Safety Qualification information is available online at jea.com. Please note that it may take up to ten (10) business days for a company to be approved as JEA Safety Qualified. It is the Respondent's responsibility to ensure it is JEA Safety Qualified. A list of the JEA's Safety Qualified vendors can be found on jea.com. For additional information, contact Jerry Fulop at (904) 665-5810.

To finalize Company JEA safety prequalified and work on JEA property companies will need to complete the following training:

- Contractor Supervisors working on site need to take or have taken the Supervisor Leadership Develop class (SLD) – 1 day (8 hour) class offered the North Florida Safety Council on a monthly basis.
 - All company employees working on JEA sites will be required to take or have taken:
 - 10 Hour OSHA safety class
 - 2 hour JEA site specific
- Or
- Construction Site Safety Orientation (CSSO) that class covers both the OSHA – 10 and the JEA 2 hour site specific training.

Bidders needing to take these classes can contact Mark Marien at the North Florida Safety Council.

ADDITIONAL TRAINING: Company employees will need to have confined space training to work in the channels.

CLARIFICATION: Regarding Working Hours. Trucking Operations may only take place from 7:00 AM to 3:30 PM. The onsite crews may work from 7:00 AM to 5:00 PM.

CLARIFICATION: The company is not required to use the Equipment JEA describes in the Technical Specification. The company may use the any means and method that will safety accomplish the job within the specified time frames.

CLARIFICATION: The Grit clam shell has a clearance of 9' 4" with the bucket open and 9' 8" with it closed.
