**THIS ADDENDUM IS FOR THE PURPOSE OF MAKING THE FOLLOWING CHANGES OR CLARIFICATIONS:**

**Change:** The Bid Due Date has been extended to Wednesday, January 18, 2023.

**Question:** In the section on Temporary Bypass Pumping, there isn't any additional information other than the statement that all supplies are the responsibility of the Contractor. Are there any specific requirements?

**Answer:** There shouldn't be any bypass pumping required on this project as this is a water main and bypass pumping is usually associated with sewer mains. However, the JEA Standards does have a section covering bypass pumping. Volume I: Distribution and Collection Specifications - Section 471 – Bypass Pumping Requirements
