THIS ADDENDUM IS FOR THE PURPOSE OF MAKING THE FOLLOWING CHANGES OR CLARIFICATIONS:

1. **Question:** Where can suppliers find the information for the Harmonized Tariff Schedule (HTS)?

Answer: The HTS column does not need to be filled out at this time. However, please fill out the Country-of-Origin column.

2. **Question:** Please provide drawings, technical specifications or any other information available for METRA002.

Answer: Please see the drawing at the bottom of the addendum.

3. **Question:** Regarding section 2.42 Price Adjustment – Annual: In lieu of the All Urban Consumers indices specified, would JEA accept use of Electric Power and Specialty Transformer Manufacturing Indices (PCU335311335311) for Item ID's METCTxxx and METVTxxx? The Specialty Transformer indices will better represent fluctuations in the cost of these items.

Answer: Given that the referenced class codes are “current transformers” and “voltage transformers,” JEA will accept the Electric Power and Specialty Transformer Manufacturing Indices (PCU335311335311) for these item IDs.
