

Evaluation Matrix

1412152646 (RFP) JEA Church Street 69KV UG Relocation Project		Contractor: #####	Evaluator:####	Score:	0	
Does Proposer meet Minimum Qualifications?				YES (Accept)	NO (Reject)	
Minimum Qualifications (Accept/Reject)				YES (Accept)		
Criteria	MAX Points	Low Bidder = 30 pts The low bid will receive the maximum 30 points and the amount of that bid will be the basis for awarding points to all other bids based on the following formula: Other bidders points = 30 * (Low Bidder/Bidder). For Example: Bid #1 = \$100, Bid #2 = \$125 Bid #1 is low bid and will receive 30 points, Bid #2 will receive 24 points (30 x (100/125))		0		
Quotation of Rates	30					
Similar Experience The Company shall have successfully completed three (3) similar projects in or along a City and FDOT ROW (underground electrical installation) in Florida within the past five (5) years ending on 3/27/2026. Respondents that are working or have worked for JEA in the past 2 years involving similar work must submit JEA as a reference; should the supplier have more than one JEA projects within the defined period, supplier's response shall only be composed of one (1) JEA projects and the remainder in other non-JEA projects unless only JEA projects can meet the requirements. Provide the project reference company name, contact, phone, and email on the Minimum Qualification Form provided in Appendix B – Response Forms. Please also provide: *a general summary of the project, *a general summary of the results of the project related to work provided, *if the project completed on the original agreed upon schedule and if not, a detailed reason for deviations, *if the project completed on the original agreed upon contracted amount and if not, a not a detailed reason for deviations *a project schedule of the completed project outlining all major milestones that were achieved on time to meet the ISD *project location	15	Reference #1 (5 points)	Above Average (5 points)	Average (2-4 points)	Below Average (0-1 points)	0
		Reference #2 (5 points)	Above Average (5 points)	Average (2-4 points)	Below Average (0-1 points)	0
		Reference #3 (5 points)	Above Average (5 points)	Average (2-4 points)	Below Average (0-1 points)	0
Project Schedule This criterion assesses the completeness and clarity of the proposed project schedule. The contractor must provide a detailed L3 schedule. The L3 schedule should reflect the interfaces between key workgroups, disciplines, or crafts involved in the execution of the project and identify the critical path. The schedule should demonstrate realistic planning, dependencies, and effective time management to meet JEA's milestone dates. Incomplete or unclear schedules may result in lower evaluation scores. Schedule to proceed is anticipated to be issued on June 15, 2026. JEA Materials, Termination kits and cable delivery is anticipated on July 9, 2026. The In Service Date is October 27, 2026 with project completion (restoration) set for November 11, 2026.	30	Evaluate: *L3 Schedule provided by the contractor. (30 points)	Above Average (20 - 30 points)	Average (10 - 19 points)	Below Average (0 - 9 points)	0
Work Approach/Resource Availability This criterion assesses whether the proposal fully addresses clear, complete responses to the scope of work to include demonstration of resource availability to complete the work in accordance with the schedule. This can include presentation of prior work that demonstrates appropriate staffing and equipment levels to meet a project schedule. Submissions missing required information or failing to comply with instructions may be scored lower.	20	Evaluate: *Overall support plan *Anticipated staff to successfully complete the project on or before the ISD *Anticipated equipment to successfully complete the project on or before the ISD *Material lead times to successfully complete the project on or before the ISD *Contractor that has been approved for JEA hold tags as well as attended the JEA Substation Entry Training Class. (20 points)	Above Average (15 - 20 points)	Average (10 - 14 points)	Below Average (0 - 9 points)	0
Commitment to Safety JEA will grade the Respondent's overall safety program. Respondent shall provide the company's Experience Modification Rating (EMR), any planned subcontractor's Experience Modification Rating (EMR) as well as general safety program related to internal and subcontractor safety.	5	Evaluate: *Overall internal & subcontractor safety program *Substance abuse program *EMR Ratings of Contractor and Subcontractors. A good EMR rating is below 1.0, with most successful construction companies aiming for 0.70 to 0.90. An EMR of 1.0 represents the industry average. (5 points)	Above Average (5 points)	Average (2-4 points)	Below Average (0-1 points)	0
