

Foreword:

This help guide is provided to suppliers with instructions on how to access and submit bids on JEA's cloud based sourcing platform (Zycus)

This guide will walk the supplier through the following topics:

- Supplier Onboarding (gaining access to platform)
- Bid Participation (download documentation and completion bid forms)
- Bid Submission (uploading and completing the submission process)

Supplier Onboarding:

Accessing the initial Zycus login and access screen from JEA.com.

Navigate to JEA.com and look for keyword “Zycus” or use the link below.

https://www.jea.com/About/Procurement/Zycus_Portal/

New Users will need to register to login. Registration will require Company name, Contact and Email Address.

Path for Supplier to log into the Zycus Platform.

- 1.) Go to the Zycus home page, try the supplier current company email address to see if there is an existing user account (If there is the below error will appear). Go to Step 2. (Note: JEA performed a large data dump of accounts, so your email may be in the system). If you do receive a password reset email address, proceed to reset password, receive activation and the supplier login process is complete.

- 2.) When completing a new user registration and adding company information, if the user receives the following notification (below) when a company email address is entered. The specific email address may not be in Zycus’s system, however, it is possible your company is in the system. If the user would like to add another contact email to the current Company supplier set up, **the user will need to request to add contact information and email address to the existing supplier name in Zycus & Oracle.** For directions on how to do this, proceed to step 3.

Appendix C – Zycus Supplier Instructions

- 3.) To add a new email address and contact to an existing supplier (i.e. you already do business with JEA) or to verify if the existing company is in Oracle (JEA's Purchasing, invoicing and payment system) send an email to isupplier@jea.com. JEA will verify if the company is set up in the ERP system (Oracle), if the existing company is in Oracle, the iSupplier team will request contact update information to add a contact to Oracle. JEA as a part of the supplier maintenance process will push the information to Zycus, at which point, the supplier will be able to have their password reset. **If iSupplier notes, your company is not in JEA's Oracle system, you'll then proceed to just create a Zycus ID as a potential supplier:**

<https://zsn.zycus.com/guest/genericRegister/JEA074>

A registration form titled "New User? Register". It includes a link "Need help in registering?" with a question mark icon. The form has four input fields: "Email Address" with placeholder text "Type your email address here", "Password" with placeholder text "Type password here" and an eye icon, "Confirm Password" with placeholder text "Re-type password here" and an eye icon, and "Please Answer" with a math problem "0 + 6 =" and an input field. Below the fields is a checkbox "I accept Terms and Conditions" and a green "Register" button.

Existing Users or New Users with ID (email registered) and password.

Once the user has a login on the sourcing platform select "Sign into Zycus", the supplier may navigate to the solicitation by selecting the icon for the applicable solicitation.

Bid Preparation:

Once logged in, suppliers will see a Green block with a white plus, where supplier can add cards “Connect as Potential Supplier” and “Sourcing Events”, Once you’ve selected the Sourcing Events, suppliers will see all events, select the applicable event.

If the above screen does not appear, the Supplier may need to select “JEA” as one of their Customer, by going to “manage Companies”.

Once in the Event. The event has prompts for actions required to respond to the solicitation.

Once the Bidder has selected the solicitation event, the Bidder may be required to “Accept” the documents under the “Terms and Conditions” section of the solicitation. JEA may attach a Non-Disclosure agreement, iSource instructions, or other prevent documents. The blue underlined hyperlink is provided for participants to open and review the attached document. Participants will not be allowed to access the bid, until each “Accept” action has been completed.

In most solicitations, JEA will provide terms & conditions, technical specifications, bid forms (pdf or word) and or pricing tables in excel, which the supplier will need to download and fill out and then upload. These documents will be available as attachments or links. Additionally, excel pricing tables may need to be uploaded once completed to complete the pricing table response section. Suppliers can download the required attachments by selecting the “Buyers Attachments” icon, or opening hyperlinks.

Completing the pricing sheet (excel)

When a Bid pricing sheet is provided, the Bidder can manually populate on the platform (see below) or export the pricing sheet to an excel spreadsheet. In the example below two lines are filled with pricing in the Zycus platform table "1,000.00 and 500.00" when you save your work, you'll note if you "export" the sheet the information will be in the spreadsheet as well.
