

Evaluation Matrix

1412153446 (RFP) Refractory Repair Services	Contractor:	Evaluator:	Score:	0	
Does Proposer meet Minimum Qualifications?			YES (Accept)	NO (Reject)	
Minimum Qualifications (Accept/Reject)					
Criteria	MAX Points	Low Bidder = 50 pts The low bid will receive the maximum 50 points and the amount of that bid will be the basis for awarding points to all other bids based on the following formula: Other bidders points = 50 * (Low Bidder/Bidder). For Example: Bid #1 = \$100, Bid #2 = \$125 Bid #1 is low bid and will receive 50 points, Bid #2 will receive 40 points (50 x (100/125))			
Quotation of Rates	50				
Similar Experience	21	Reference #1 (7 points)			
The Company shall have successfully completed or be in the performance of three (3) similar continuous service contracts within the past five (5) years ending March 31, 2026. A similar continuous service contract is defined as a refractory repair services contract for electric generating station boilers with a minimum of 250 MW operating capacity. Provide the project reference company name, contact, phone, email on the minimum qualification form. Reference contracts shall have been equal to or exceeded \$500,000 of work per year, for any one year within the past five (5) years. Respondent may aggregate multiple service callouts, projects, or contracts with the same Customer to achieve the \$500,000 threshold. Respondents that are working or have worked for JEA in the past 2 years involving similar work must submit JEA as a reference. JEA reserves the right to ask for additional back up documentation or additional reference projects to confirm the Respondent meets the requirements stated above. Provide the project reference company name, contact, phone, and email on the Minimum Qualification Form provided in Appendix B – Response Forms. Please also provide: •a general summary of the project, •a general summary of the results of the project related to work provided, •if the project completed on the original agreed upon schedule and if not a detailed reason for deviations, •if the project completed on the original agreed upon contracted amount and if not a not a detailed reason for deviations		Reference #2 (7 points)			
		Reference #3 - (7 points)			
Work Approach/Resource Availability	19		Above Average (15 - 19 points)	Average (10 - 14 points)	Below Average (0 - 9 points)
This criterion assesses whether the proposal fully addresses clear, complete responses to the scope of work to include demonstration of resource availability to complete the work in accordance with the schedule. This can include presentation of prior work that demonstrates appropriate staffing and equipment levels to meet a project schedule. Submissions missing required information or failing to comply with instructions may be scored lower. During the execution of the work, contractor shall always have on site at least one (1) API 936 Certified Refractory Person (Supervisor, Foreman, or Journeyman) for quality assurance and quality control. The API 936 Certified Refractory Person will be responsible for ensuring the installation, inspection, testing, and repair of refractory linings is performed per API 936 Standards. Demonstrate how this requirement will be met.					
Commitment to Safety	10		Above Average (8-10 points)	Average (4-7 points)	Below Average (0- 3 points)
JEA will grade the Respondent's overall safety program. Respondent shall provide the company's Experience Modification Rating (EMR), any planned subcontractor's Experience Modification Rating (EMR) as well as general safety program related into internal and subcontractor safety.
