ADDENDUM NUMBER: THREE (3)

TITLE: RFQ 97417 Renovation of Breakroom and Restrooms (SOCC Dispatch Area)

BID DUE DATE: June 18, 2019

TIME OF RECEIPT: 12:00 PM EST

THIS ADDENDUM IS FOR THE PURPOSE OF MAKING THE FOLLOWING CHANGES OR CLARIFICATIONS:

1. Question: What is the manufacturer/model of the electrical panel ULB?

Answer: I-T-E CEP 225 amp 06/87 year 208/120V 3PH4W s/o 79-29714 H01 (reference attached Appendix C – Drawing – Electrical Panel ULB)

2. Question: Please verify inside dimension of existing roof curb to be sure that the 12” round duct will fit through opening with adequate clearance to combustibles, if required.

Answer: A check of the 1986 A-7 roof plan shows no roof penetrations for the kitchen exhaust hood. A check of the 1986 HVAC-1 plan drawing calls out a detail “A” for the kitchen hoods which shows an ~18”x6” duct riser. A check of 1986 HVAC-4 shows a 12”x4” roof penetration with a transition to a 16”x6” goose neck. Provide JEA with an optional cost to modify the roof penetration to 12” round from the existing 12”x4” opening.

ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE BID FORM.
