Welcome to the JEA Awards Meeting

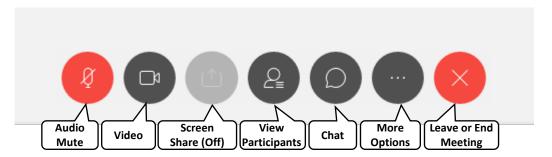

You have been joined to the meeting with your audio muted by default.

We will unmute your lines during the public comment time and provide opportunity for you to speak.

During the meeting, interested persons can also email Halley Stewart at reimhj@jea.com to submit public comments to be read during the meeting regarding any matter on the agenda for consideration. Public comments by e-mail must be received no later than 9:00 a.m. to be read during the public comment portion of the meeting.

Please contact Halley Stewart by telephone at (904) 665-8815 or by email at reimhj@jea.com if you experience any technical difficulties during the meeting.

Below is a summary of the meeting controls you will see at the bottom of your screen.

AWARDS COMMITTEE AGENDA

DATE: Thursday, May 12, 2022

TIME: 10:00 A.M.

PLACE: JEA, Customer Center, Bid Office, 1st Floor, 21 West Church Street, Jacksonville, FL

32202 OR

WebEx/Teleconference

WebEx Meeting Number (access code): 2309 526 2709

WebEx Password: cQMmJPHA823

Public Comments:

Awards:

- 1. Approval of the minutes from the last meeting (05/05/2022).
- 2. 1410598646 Request approval to award a contract to Capps Land Management & Material LLC for construction services for the Hampton Falls Dr. Electrical Easement 12-Inch Watermain Replacement project in the amount of \$592,526.00, subject to the availability of lawfully appropriated funds.
- 3. 1410578846 Request approval to award a contract to Presidio Networked Solutions for New HQ Cisco Webex and Telephone Equipment for new JEA Headquarters in the amount of \$863,201.88, subject to the availability of lawfully appropriated funds.
- 4. 1410619246—Request approval to award a contract to Sawcross, Inc. for Construction Services for Lofton Oaks WTP Improvements Project in the amount of \$5,717,800.00, subject to the availability of lawfully appropriated funds.
- 5. **DEFERRED** Request approval to award a contract increase to Transformer Maintenance & Service, Inc for painting services in the amount of \$488,055.00, for a new total not-to-exceed amount of \$1,517,430.00, subject to the availability of lawfully appropriated funds.
- 6. Request approval to award a contract to Duval Ford for JEA Fleet Services Light Duty Vehicle Maintenance and Repair Services in the amount of \$2,656,201.14, subject to the availability of lawfully appropriated funds.
- 7. Request approval to award Hal Jones Contractor a contract for pre-construction and engineering services for the McCoy's Creek Utility Relocation project in the amount of \$331,438.00, subject to the availability of lawfully appropriated funds.
- 8. Request approval to award a one (1) year contract renewal to Altec Industries, Inc. (\$815,758.34) and Ring Power Corporation (\$27,671.25), for Fleet Services Bucket Truck Maintenance and Repair Services for a new not-to-exceed amount of \$2,822,955.57, subject to the availability of lawfully appropriated funds.

Informational Items: N/A

Open Discussion: N/A

Public Notice: N/A

General Business: N/A

SPECIAL NOTES: Copies of the above items are available in JEA Procurement, if needed for review. If a person decides to appeal any decision made by the Awards Committee, with respect to any matter considered at this meeting, that person will need a record of the proceedings, and, for such purpose, needs to ensure that a verbatim record of the proceedings is made, which record includes the evidence and testimony upon which the appeal is to be based. If you have a disability that requires reasonable accommodations to participate in the above meeting, please call 665-8625 by 8:30 a.m. the day before the meeting and we will provide reasonable assistance for you.

	Type of Award	Business Unit	Estimated/ Budgeted Amount	<u>Amount</u>	<u>Awardee</u>	<u>Term</u>	<u>Summary</u>
1	Minutes	N/A	N/A	N/A	N/A	N/A	Approval of minutes from the 05/05/2022 meeting.
2	INVITATION FOR BID (IFB) 9 Bidders	Vu	\$531,800.00	\$592,526.00	CAPPS LAND MANAGEMENT & MATERIAL LLC	Project Completion (Estimated: March 2023)	Hampton Falls Dr. Electrical Easement 12-Inch Watermain Replacement The Contractor shall install approximately 1960 linear feet (LF) of 12-inch PVC water main (WM) by open cut and Horizontal Directional Drill (HDD), 290 linear feet of 8-inch PVC water main by open-cut within City of Jacksonville right-of-way, JEA-owned property and JEA easement. Advertised on 03/24/2022. Fourteen (14) prime contractors attended the initial mandatory pre-bid meeting held on 03/29/2022. At Bid opening on 05/03/2022, JEA received nine (9) Bids. Capps Land Management & Material LLC is the lowest responsive and responsible Bidder. A copy of the Bid Form and Workbook are attached as backup. The award amount of \$592,526.00 is approximately 11% higher than the budget estimate. Variance in bid price is due to the recent, significant price increase of 12" and 8" pressure pipe and related fittings. Upon review with JEA estimating, the bid is deemed reasonable. 1410598646 - Request approval to award a contract to Capps Land Management & Material LLC for construction services for the Hampton Falls Dr. Electrical Easement 12-Inch Watermain Replacement project in the amount of \$592,526.00.
3	INVITATION FOR BID (IFB) 3 Bidders	Datz	\$1,500,000.00	\$863,201.88	PRESIDIO, NETWORKED SOLUTIONS LLC	One-Time Purchase	New HQ Cisco Webex and Telephone Equipment Advertised on 04/21/2022. No pre-bid meeting was held. At bid opening on 05/03/2022, JEA received three (3) Bids. Respondents were required to be a Cisco Gold Partner and the bid was evaluated on price only. One bidder was disqualified for not being a Cisco Gold Partner. JEA specifies Gold Partnership to ensure it does not receive refurbished or unsupported equipment. Currently, there are over 60 partners in the United States that have this level, which allows us to competitively bid while also ensuring the equipment is legitimate. Cisco Network Equipment is a JEA Standard. A copy of Presidio's Bid Workbook is attached as backup. This request of \$863,201.88 is for new Cisco Webex and telephone collaboration equipment needed to support hybrid teamwork for new

							construction facilities, including the new JEA HQ. This equipment will let employees or meeting guests join video meetings, digitally whiteboard, annotate on shared content, use go-to web apps, and wirelessly present. The bid included discounts ranging from 69-75% off Cisco list pricing; however, did not include extended warranties as that is currently under contract with Presidio for Cisco hardware. JEA has specified that all line items ship separately as soon as they are available to ensure availability for the new JEA Headquarters opening. Note, JEA's most recent large Cisco Equipment term contract also with Presidio included comparable similar discounts of 20-61% off Cisco list prices. 1410578846 - Request approval to award a contract to Presidio Networked Solutions for New HQ Cisco Webex and Telephone Equipment for new JEA Headquarters in the amount of \$863,201.88, subject to the availability of lawfully appropriated funds.
4	INVITATION FOR BID (IFB) 4 Bidders	Vu	\$3,910,107.00	\$5,717,800.00	SAWCROSS, INC.	Project Completion (Estimated: August 2023)	Construction Services for Lofton Oaks WTP Improvements The scope of work of this project is to implement improvements to the existing Lofton Oaks WTP to supplement demands within JEA's Nassau Grid. This work will provide an improved water capacity, a new ground storage tank, two new high service pumps, reinstallation of a backup pump, a new bulk sodium hypochlorite storage tank, a new high service pump building including an electrical room, unisex toilet, a chemical metering room and chemical storage area. Advertised on 03/11/2022. Ten (10) prime contractors attended the mandatory pre-bid meeting held on 03/24/2022. At Bid opening on 04/26/2022, JEA received four (4) Bids. Sawcross, Inc. is the lowest responsive and responsible Bidder. A copy of the Bid Form and Workbook are attached as backup. The award amount of \$5,717,800.00 is approximately 46.2% higher than the budget estimate completed in December 2021. The project team has reviewed this project and has deemed this bid reasonable based on current market conditions. The variance can mainly be attributed to the difference in estimated and actual cost for electrical components and mechanical materials for items such as the aerator system, the pump/control building, processing piping, and valves. 1410619246— Request approval to award a contract to Sawcross, Inc. for Construction Services for Lofton Oaks WTP Improvements Project in the amount of \$5,717,800.00, subject to the availability of lawfully appropriated funds.

5 - Defer	Defer	Defer	Defer	Defer	Defer	Defer	Defer
6	INVITATION TO NEGOTIATE (ITN) 2 Responses	McElroy	\$1,945,944.60	\$2,656,201.14	DUVAL FORD	Three (3) Year w/Two (2) – 1 Yr. Renewals	JEA Fleet Services Light Duty Vehicle Maintenance and Repair Services ITN The purpose of this Invitation to Negotiate (the "ITN") is to solicit pricing for the maintenance and repair services for JEA's Light Duty Vehicle Fleet. The services that will be performed under this scope will be at a minimum preventative maintenance, corrective maintenance, yard checks, and road calls to support JEA operations. Currently, there are 383 Light Duty Vehicle assets that will be included in this program. The majority of the assets are Ford vehicles (295 vehicles) and the remainder are Dodge vehicles (88 vehicles). The original bid estimate was established utilizing the spend for Light Duty Maintenance over the past three (3) years. During that time, JEA's Light Duty Maintenance and Repair was performed by AutoNation Ford. Under their contract, some services were reduced due to changes in the business model that accommodated COVID protocols. The variance between the budget estimate and new contract is attributed to an increase in contractor rates and the addition of several ad-hoc services. Ad-hoc services were added in support of Emergency/Storm, miscellaneous technical support, and JEA's Fire Extinguisher program. The addition of these services make-up 40% of the variance and the remaining 60% is due to rate increases across services for Yardwork, Corrective and Preventative maintenance. The JEA team which includes members from Procurement, Operations Support Services, and Fleet Services have worked together to improve the service commodity by focusing on the following areas: Leveraging JEA's purchasing power through 1) grouping brand specific assets, and 2) revised maintenance forecasting Allowing the maintenance providers to contribute to the projected maintenance plan development This solicitation was grouped into three (3) categories: Light Duty Dodge, Light Duty, projections for Ad Hoc Services to cover for storm support, upfitting/down fitting, technician support and JEA's Fire Extinguisher Program were include

							availability, and cost containment efficiencies. Duval Ford was deemed the highest overall value to JEA The award amount of \$2,656,201.14 was calculated by using the existing fleet makeup and the corresponding projected maintenance, both preventative and corrective, that will occur over the next three (3) year period. These numbers can fluctuate depending on actual usage of the vehicle, future fleet purchases and retirements, the severity and frequency of major repairs, along with fleet plans as part of JEA growth. Our hourly rate went from \$90 (previous contract) to \$100 on this contract. The previous contract supplier did not request in a timely manner a rate increase on any year. They did propose a price increase to renew which was far in excess of what we see with the new vendor, Duval Ford. Duval Ford was recently awarded the Medium Duty Maintenance and Repair Services contract. These two contracts will be Duval Ford's first maintenance contracts with JEA. Duval Ford has assured JEA that they are ready to concurrently serve the light and medium duty maintenance and service needs of JEA's fleet; they have already begun a multi-year expansion plan at Duval Ford to become NE Florida's sole Ford Pro vendor. The Ford Pro Maintenance model is a nationwide program aimed at providing a consistent national price for common maintenance and light repairs. Duval Ford currently has sixty-five (65) service bays and they are in the process of adding sixteen (16) new stalls to a new 17,000 square foot facility. Duval Ford has over sixty (60) technicians who are Ford Service Compliant in all service categories. Duval Ford has indicated they will continue to add qualified technicians as their business grows. At commencement, Duval Ford will assign ten (10) technicians dedicated to
							Request approval to award a contract to Duval Ford for JEA Fleet Services Light Duty Vehicle Maintenance and Repair Services in the amount of \$2,656,201.14, subject to the availability of lawfully appropriated funds.
7	JOINT PROJECT	Vu	\$340,000.00	\$331,438.00	HAL JONES CONTRACTOR (A DIVISION OF VECELLIO & GROGAN, INC.)	Project Completion (Expected: December 2022)	McCov's Creek Utility Relocation - DB - JP with COJ Engineering design to remove the existing water mains and sewer mains from King St. and Stockton St. bridges across McCoy's Creek. Engineering design to replace the existing water mains, gravity sewers and construct a new sanitary sewage pump station and force main from the north side to the south side of McCoy's Creek at Stockton Street.

							The City of Jacksonville issued a design-build solicitation to build two bridges in the McCoy Creek area, and this solicitation included a JEA utility relocation project. The City evaluated the submitted responses and selected Hal Jones Contractor as the most qualified to perform the work. The City entered into a contract with Hal Jones Contractor on 04/14/2022. JEA and the contractor successfully completed negotiations for design of the JEA portion of the work up to the 90% design process. The fee for this work is approximately 2.5% below the estimate and deemed reasonable. As the design progress, increases to the contract for construction will be brought before the Awards Committee for approval. Request approval to award Hal Jones Contractor a contract for preconstruction and engineering services for the McCoy's Creek Utility Relocation project in the amount of \$331,438.00, subject to the availability of lawfully appropriated funds.
8	CONTRACT RENEWAL	McElroy	\$843,429.59	\$815,758.34 \$27,671.25	ALTEC INDUSTRIES, INC RING POWER CORPORATION	One (1) Years w/Two (2) – One (1) Yr. Renewals	JEA Fleet Services Bucket Truck Maintenance and Repair Services This agreement provides maintenance and repair services for JEA's Aerial Bucket Truck Vehicles. The services performed under this scope will include preventive and corrective maintenance, yard checks and road calls to support JEA operations. There are 279 aerial assets that will be part of this program with the majority of them being of the Altec or Terex brand. This request is to execute the second one (1) year renewal with Altec Industries Inc. and Ring Power Corporation. Altec Industries Inc. will be performing maintenance and support for the Altec brand of aerial assets along with other miscellaneous assets needing similar work, and Ring Power Corporation will be performing maintenance and support for the Terex brand of aerial assets. This is for the maintenance of the attachment portion of the asset. Cab and chassis maintenance, tires, etc. are performed by the vendors for those respective services. This contract supports both blue and grey sky services for JEA. Altec Industries, Inc. has requested an increase in their hourly rates and annual inspection pricing (7.95% increase over their 2021-2022 pricing). This increase is driven mainly by increases in the costs for air filters and other miscellaneous parts. Ring Power Corporation agreed to renew under the same terms and did not increase their rates. A revised Altec Industries, Inc. bid workbook has been attached for back-up. Including Altec's increase, the proposed contracted rates would still place Altec as the lowest cost supplier when compared to other respondents in the 2020 solicitation. The award amount is an estimate calculated by using the existing fleet makeup and the corresponding projected maintenance, both preventative and corrective, that will occur over the next one (1) year period and by looking at the average daily spend to estimate the costs for the renewal

			period. These numbers can fluctuate depending on actual usage of the vehicle, future fleet purchases and retirements, the severity and frequency of major repairs, along with fleet plans as part of JEA growth. JEA continues to look for a third maintenance vendor that may be willing to be competitive with the two OEM vendors. With the fleet expanding to include a third OEM aerial vehicle this year, we will pursue adding a third maintenance provider during the next solicitation for these services.
			Request approval to award a one (1) year contract renewal to Altec Industries, Inc. (\$815,758.34) and Ring Power Corporation (\$27,671.25), for Fleet Services Bucket Truck Maintenance and Repair Services for a new not-to-exceed amount of \$2,822,955.57, subject to the availability of lawfully appropriated funds.
Total Award		\$11,004,596.61	

JEA AWARDS COMMITTEE MAY 5, 2022 MEETING MINUTES

The JEA procurement Awards Committee met on May 5, 2022, in person with a WebEx option.

WebEx Meeting Number (access code): 2309 526 2709

WebEx Password: cQMmJPHA823

Members in attendance were Jenny McCollum as Chief Procurement Officer, Stephen Datz as Chairperson (onsite), Hai Vu as Vice Chairperson (onsite), Steven Elmore as Budget Representative, Rebecca Lavie as Office of General Counsel Representative; Todd Skinner for Ricky Erixton, Joe Orfano (onsite), Laura Dutton. Unless otherwise indicated, all attendees were via WebEx.

Chair Datz called the meeting to order at 10:00 a.m., introduced the Awards Committee Members, and confirmed that there was an in-person quorum of the Committee membership present.

Public Comments:

Chair Datz recognized the public comment speaking period and opened the meeting floor to public comments. No public comments were provided by email, phone or videoconference.

Awards:

1. Approval of the minutes from the last meeting (4/21/2022). Chair Datz verbally presented the Committee Members the proposed April 21, 2022 minutes as presented.

MOTION: Joe Orfano made a motion to approve the April 21, 2022 minutes (Award Item 1). The motion was seconded by Hai Vu and approved unanimously by the Awards Committee (5-0).

The Committee Members reviewed and discussed the following Awards Items 2 - 11:

2. Request approval of a contract termination for convenience for JEA Contract No. 199483 with Mod43, Inc.

MOTION: Hai Vu made a motion to approve Award Item 2 as presented in the committee packet. The motion was seconded by Laura Dutton and approved unanimously by the Awards Committee (5-0).

3. Request approval to award a change order to Sabre Industries, Inc. for the Design, Fabrication and Shipping of the SOCC Annex Tower in the amount of \$479,138.00, for a new not-to-exceed amount of \$958,560.00, subject to the availability of lawfully appropriated funds.

MOTION: Joe Orfano made a motion to approve Award Item 3 as presented in the committee packet. The motion was seconded by Todd Skinner and approved unanimously by the Awards Committee (5-0).

4. Request approval to award a change order to Red Clay Consulting, Inc. for additional services needed for implementation support for the Oracle Customer to Meter C2M project in the amount of \$2,461,001.00, for a new not-to-exceed amount of \$5,187,810.90, subject to the availability of lawfully appropriated funds.

- **MOTION:** Hai Vu made a motion to approve Award Item 4 as presented in the committee packet. The motion was seconded by Todd Skinner and approved unanimously by the Awards Committee (5-0).
- 5. Request approval to award a one (1) year contract to CDW Government for SPLUNK Hot Storage cloud/monitoring subscription with standard success plan and training in the amount of \$466,307.98, subject to the availability of lawfully appropriated funds.
 - **MOTION:** Laura Dutton made a motion to approve Award Item 5 as amended in the committee packet. The motion was seconded by Joe Orfano and approved unanimously by the Awards Committee (5-0).
- 6. Request approval for a contract increase for Cured-In-Place Pipe (CIPP) Unit Price Construction with Insituform Technologies, LLC in the amount of \$840,000.00, for a new, not-to-exceed amount of \$3,297,877.00, subject to the availability of lawfully appropriated funds.
 - **MOTION:** Hai Vu made a motion to approve Award Item 6 as presented in the committee packet. The motion was seconded by Todd Skinner and approved unanimously by the Awards Committee (5-0).
- 7. Request approval for a contract increase for Cured-In-Place Pipe (CIPP) Unit Price Construction with Insituform Technologies, LLC in the amount of \$840,000.00, for a new, not-to-exceed amount of \$3,297,877.00, subject to the availability of lawfully appropriated funds.
 - **MOTION:** Hai Vu made a motion to approve Award Item 7 as amended in the committee packet. The motion was seconded by Joe Orfano and approved unanimously by the Awards Committee (5-0).
- 8. Request approval to award a contract to the developer, Wildlight LLC, for the construction of the reclaimed water main and sewer force main by Burnham Construction, Inc. for the Wildlight PDP 3 North Arterial Roadway in the amount of \$954,182.02, subject to the availability of lawfully appropriated funds.
 - **MOTION:** Joe Orfano made a motion to approve Award Item 8 as presented in the committee packet. The motion was seconded by Hai Vu and approved unanimously by the Awards Committee (5-0).
- 9. 1410572446 Request approval to award a contract for Facilities HVAC Repair and Installation Services for Up To 20 Tons to Certified Air Contractors, Inc. (\$200,000.00) and W.W. Gay Mechanical Contractors, Inc. (\$200,000.00), for a total not-to-exceed amount of \$400,000.00, subject to the availability of lawfully appropriated funds.
 - **MOTION:** Laura Dutton made a motion to approve Award Item 9 as presented in the committee packet. The motion was seconded by Hai Vu and approved unanimously by the Awards Committee (5-0).
- 10. 1410434646 Request approval to award a contract for General Engineering Services for Water Wastewater and Reclaimed Water Projects to Ardurra Group, Inc. (\$1,705,554.00); Mott MacDonald Florida, LLC (\$1,705,554.00); AECOM Technical Services, Inc. (\$1,705,554.00); Kimley-Horn and Associates, Inc. (\$1,705,554.00); Freese and Nichols, Inc. (\$1,705,554.00); Black & Veatch Corporation (\$1,705,554.00); Mittauer & Associates, Inc. (\$1,705,554.00); Wright-Pierce, Inc. (\$1,705,554.00); McKim & Creed, Inc. (\$1,705,554.00), in the amount of \$15,349,986.00, subject to the availability of lawfully appropriated funds.

MOTION: Hai Vu made a motion to approve Award Item 10 as presented in the committee packet. The motion was seconded by Joe Orfano and approved unanimously by the Awards Committee (5-0).

11. Request approval to award a contract increase to Wharton-Smith, Inc. for the fine screen work package as part of the Buckman Biosolids Conversion Projects in the amount of \$3,684,712.00, for a new not-to-exceed amount of \$50,678,702.00, subject to the availability of lawfully appropriated funds.

MOTION: Hai Vu made a motion to approve Award Item 11 as presented in the committee packet. The motion was seconded by Todd Skinner and approved unanimously by the Awards Committee (5-0).

JAX UNDERGROUND UTILITIES, INC	\$1,087,047.95

Background/Recommendations:

Advertised on 03/24/2022. Fourteen (14) prime contractors attended the initial mandatory pre-bid meeting held on 03/29/2022. At Bid opening on 05/03/2022, JEA received nine (9) Bids. Capps Land Management & Material LLC is the lowest responsive and responsible Bidder. A copy of the Bid Form and Workbook are attached as backup.

The award amount of \$592,526.00 is approximately 11% higher than the budget estimate. Variance in bid price is due to the recent, significant price increase of 12" and 8" pressure pipe and related fittings. Upon review with JEA estimating, the bid is deemed reasonable.

1410598646 - Request approval to award a contract to Capps Land Management & Material LLC for construction services for the Hampton Falls Dr. Electrical Easement 12-Inch Watermain Replacement project in the amount of \$592,526.00, subject to the availability of lawfully appropriated funds.

PRESIDIO, NETWORKED SOLUTIONS LLC	Ray Watkins	rwatkins@presidio.com	8647 Baypine Rd, Suite 100, Bldg 1 Jacksonville, FL 32256	(904) 236- 5504	\$863,201.88

Amount for entire term of Contract/PO: \$863,201.88

Award Amount for remainder of this FY: \$863,201.88

Length of Contract/PO Term: One-Time Purchase

Begin Date (mm/dd/yyyy): 05/15/2022

End Date (mm/dd/yyyy): One-Time Purchase

JSEB Requirement: JSEB opportunities were reviewed but none are available

Bidder:

Name	Amount	Disqualified?	Rank
PRESIDIO, NETWORKED SOLUTIONS LLC	\$863,201.88	No	1
DATABIT, INC.	\$1,297,975.66	No	2
MVATION, INC.	\$1,450,894.70	Yes	N/A

Background/Recommendations:

Advertised on 04/21/2022. No pre-bid meeting was held. At bid opening on 05/03/2022, JEA received three (3) Bids. Respondents were required to be a Cisco Gold Partner and the bid was evaluated on price only. One bidder was disqualified for not being a Cisco Gold Partner. JEA specifies Gold Partnership to ensure it does not receive refurbished or unsupported equipment. Currently, there are over 60 partners in the United States that have this level, which allows us to competitively bid while also ensuring the equipment is legitimate. Cisco Network Equipment is a JEA Standard. A copy of Presidio's Bid Workbook is attached as backup.

This request of \$863,201.88 is for new Cisco Webex and telephone collaboration equipment needed to support hybrid teamwork for new construction facilities, including the new JEA HQ. This equipment will let employees or meeting guests join video meetings, digitally whiteboard, annotate on shared content, use go-to web apps, and wirelessly present. The bid included discounts ranging from 69-75% off Cisco list pricing; however, did not include extended warranties as that is currently under contract with Presidio for Cisco hardware.

JEA has specified that all line items ship separately as soon as they are available to ensure availability for the new JEA Headquarters opening. Note, JEA's most recent large Cisco Equipment term contract also with Presidio included comparable similar discounts of 20-61% off Cisco list prices.

1410578846 - Request approval to award a contract to Presidio Networked Solutions for New HQ Cisco Webex and Telephone Equipment for new JEA Headquarters in the amount of \$863,201.88, subject to the availability of lawfully appropriated funds.

Construction Services for Lofton Oaks WTP Improvements

Project Number:

8004391

Project Location:

JEA

Funds:

Capital

Budget Estimate:

\$3,910,107.00

Scope of Work:

The scope of work for this project is to implement improvements to the existing Lofton Oaks WTP to supplement demands within JEA's Nassau Grid. This work will provide an improved water capacity, a new ground storage tank, two new high service pumps, reinstallation of a backup pump, a new bulk sodium hypochlorite storage tank, a new high service pump building including an electrical room, unisex toilet, a chemical metering room and chemical storage area.

BIDDERS:

Name	Amount
SAWCROSS, INC.	\$5,717,800.00
WHARTON-SMITH, INC.	\$5,837,420.00
SGS CONTRACTING SERVICES, INC.	\$6,182,473.00
PETTICOAT-SCHMITT CIVIL CONTRACTORS, INC.	\$6,417,700.00

Background/Recommendations:

Advertised on 03/11/2022. Ten (10) prime contractors attended the mandatory pre-bid meeting held on 03/24/2022. At Bid opening on 04/26/2022, JEA received four (4) Bids. Sawcross, Inc. is the lowest responsive and responsible Bidder. A copy of the Bid Form and Workbook are attached as backup.

The award amount of \$5,717,800.00 is approximately 46.2% higher than the budget estimate completed in December 2021. The project team has reviewed this project and has deemed this bid reasonable based on current market conditions. The variance can mainly be attributed to the difference in estimated and actual cost for electrical components and mechanical materials for items such as the aerator system, the pump/control building, processing piping, and valves.

1410619246—Request approval to award a contract to Sawcross, Inc. for Construction Services for Lofton Oaks WTP Improvements Project in the amount of \$5,717,800.00, subject to the availability of lawfully appropriated funds.

JEA Fleet Services Light Duty Vehicle Maintenance and Repair Services

Project Number:

HEA0800

Project Location:

JEA

Funds:

O&M

Budget Estimate:

\$1,945,944.60

Scope of Work:

The purpose of this Invitation to Negotiate (the "ITN") is to solicit pricing for the maintenance and repair services for JEA's Light Duty Vehicle Fleet. The services that will be performed under this scope will be at a minimum preventative maintenance, corrective maintenance, yard checks, and road calls to support JEA operations. Currently, there are 383 Light Duty Vehicle assets that will be included in this program. The majority of the assets are Ford vehicles (295 vehicles) and the remainder are Dodge vehicles (88 vehicles). During the last 36 months, the average annual spend for maintenance and repair to Light Duty assets was \$535,354.10. Kenny Pearson

Background/Recommendation:

Posted on 02/22/2022. Three (3) vendors attended the optional pre-response meeting held on 03/01/2022. At bid opening, held on 03/22/2022, JEA received two (2) Responses.

The original bid estimate was established utilizing the spend for Light Duty Maintenance over the past three (3) years. During that time, JEA's Light Duty Maintenance and Repair was performed by AutoNation Ford. Under their contract, some services were reduced due to changes in the business model that accommodated COVID protocols. The variance between the budget estimate and new contract is attributed to an increase in contractor rates and the addition of several ad-hoc services. Ad-hoc services were added in support of Emergency/Storm, miscellaneous technical support, and JEA's Fire Extinguisher program. The addition of these services make-up 40% of the variance and the remaining 60% is due to rate increases across services for Yardwork, Corrective and Preventative maintenance.

The JEA team which includes members from Procurement, Operations Support Services, and Fleet Services have worked together to improve the service commodity by focusing on the following areas:

- Leveraging JEA's purchasing power through 1) grouping brand specific assets, and 2) revised maintenance forecasting
- Allowing the maintenance providers to contribute to the projected maintenance plan development

This solicitation was grouped into three (3) categories: Light Duty Dodge, Light Duty and Yardwork for (2) locations. Within Light Duty Dodge and Light Duty, projections for Ad Hoc Services to cover for storm support, upfitting/down fitting, technician support and JEA's Fire Extinguisher Program were included to capture pricing and potential savings should the services be required. Each section was to be awarded individually to highest ranked Company. JEA evaluated both companies, based on minimum qualifications, pricing, professional experience, location, availability, and cost containment efficiencies. Duval Ford was deemed the highest overall value to JEA

The award amount of \$2,656,201.14 was calculated by using the existing fleet makeup and the corresponding projected maintenance, both preventative and corrective, that will occur over the next three (3) year period. These numbers can fluctuate depending on actual usage of the vehicle, future fleet purchases and retirements, the severity and frequency of major repairs, along with fleet plans as part of JEA growth.

Our hourly rate went from \$90 (previous contract) to \$100 on this contract. The previous contract supplier did not request in a timely manner a rate increase on any year. They did propose a price increase to renew which was far in excess of what we see with the new vendor, Duval Ford.

Duval Ford was recently awarded the Medium Duty Maintenance and Repair Services contract. These two contracts will be Duval Ford's first maintenance contracts with JEA. Duval Ford has assured JEA that they are

ready to concurrently serve the light and medium duty maintenance and service needs of JEA's fleet; they have already begun a multi-year expansion plan at Duval Ford to become NE Florida's sole Ford Pro vendor. The Ford Pro Maintenance model is a nationwide program aimed at providing a consistent national price for common maintenance and light repairs. Duval Ford currently has sixty-five (65) service bays and they are in the process of adding sixteen (16) new stalls to a new 17,000 square foot facility. Duval Ford has over sixty (60) technicians who are Ford Service Compliant in all service categories. Duval Ford has indicated they will continue to add qualified technicians as their business grows. At commencement, Duval Ford will assign ten (10) technicians dedicated to the JEA Fleet. The assigned JEA Service Advisor has previous experience with JEA fleet operations and is familiar with the eAM system. Duval Ford has four (4) mobile units, of which two (2) will be dedicated to JEA for road calls and yardwork. In their bid presentation, they proposed a strong preventive maintenance program that would assist JEA in reducing downtime and minimizing corrective services.

Procurement tracks two different types of savings. The total cost difference is comparing the current pricing with the proposed pricing (+/-). The total sourcing savings is determined by value added savings. Total sourcing savings were calculated by subtracting the BAFO bid from the original bid. Below is the result for this award:

Total sourcing savings: \$99,866 (BAFO Pricing/Negotiation) = \$99,866

Request approval to award a contract to Duval Ford for JEA Fleet Services Light Duty Vehicle Maintenance and Repair Services in the amount of \$2,656,201.14, subject to the availability of lawfully appropriated funds.

Name	Amount
HAL JONES CONTRACTOR (a division of Vecellia & Gregor, Inc.)	\$221 429 00
of Vecellio & Grogan, Inc.)	\$331,438.00

Background/Recommendations:

The City of Jacksonville issued a design-build solicitation to build two bridges in the McCoy Creek area, and this solicitation included a JEA utility relocation project. The City evaluated the submitted responses and selected Hal Jones Contractor as the most qualified to perform the work. The City entered into a contract with Hal Jones Contractor on 04/14/2022.

JEA and the contractor successfully completed negotiations for design of the JEA portion of the work up to the 90% design process. The fee for this work is approximately 2.5% below the estimate and deemed reasonable. As the design progress, increases to the contract for construction will be brought before the Awards Committee for approval.

Request approval to award Hal Jones Contractor a contract for pre-construction and engineering services for the McCoy's Creek Utility Relocation project in the amount of \$331,438.00, subject to the availability of lawfully appropriated funds.

Budget Estimate:

\$843,429.59

Scope of Work:

This agreement provides maintenance and repair services for JEA's Aerial Bucket Truck Vehicles. The services performed under this scope will include preventive and corrective maintenance, yard checks and road calls to support JEA operations. There are 279 aerial assets that will be part of this program with the majority of them being of the Altec or Terex brand.

Length of Contract/PO Term: One (1) Years w/Two (2) – One (1) Yr. Renewals

 Begin Date (mm/dd/yyyy):
 06/01/2020

 End Date (mm/dd/yyyy):
 05/31/2023

Renewal Options: No – All Renewals Exhausted

JSEB Requirement: N/A – No JSEBs available

Background/Recommendations:

Competitively bid and awarded to Altec Industries, Inc., and Ring Power Corporation on May 14, 2020 for one (1) year, with two (2) – one (1) yr. renewal options. The original award has been attached as back-up. An administrative increase was completed on May 26, 2021, near the end of the initial one-year term. The first renewal option was executed and awarded on June 3, 2021, to both companies for a new, not-to-exceed amount of \$1,979,525.98.

This request is to execute the second one (1) year renewal with Altec Industries Inc. and Ring Power Corporation. Altec Industries Inc. will be performing maintenance and support for the Altec brand of aerial assets along with other miscellaneous assets needing similar work, and Ring Power Corporation will be performing maintenance and support for the Terex brand of aerial assets. This is for the maintenance of the attachment portion of the asset. Cab and chassis maintenance, tires, etc. are performed by the vendors for those respective services. This contract supports both blue and grey sky services for JEA. Altec Industries, Inc. has requested an increase in their hourly rates and annual inspection pricing (7.95% increase over their 2021-2022 pricing). This increase is driven mainly by increases in the costs for air filters and other miscellaneous parts. Ring Power Corporation agreed to renew under the same terms and did not increase their rates. A revised Altec Industries, Inc. bid workbook has been attached for back-up. Including Altec's increase, the proposed contracted rates would still place Altec as the lowest cost supplier when compared to other respondents in the 2020 solicitation.

The award amount is an estimate calculated by using the existing fleet makeup and the corresponding projected maintenance, both preventative and corrective, that will occur over the next one (1) year period and by looking at the average daily spend to estimate the costs for the renewal period. These numbers can fluctuate depending on actual usage of the vehicle, future fleet purchases and retirements, the severity and frequency of major repairs, along with fleet plans as part of JEA growth. JEA continues to look for a third maintenance vendor that may be willing to be competitive with the two OEM vendors. With the fleet expanding to include a third OEM aerial vehicle this year, we will pursue adding a third maintenance provider during the next solicitation for these services.

Request approval to award a one (1) year contract renewal to Altec Industries, Inc. (\$815,758.34) and Ring Power Corporation (\$27,671.25), for Fleet Services Bucket Truck Maintenance and Repair Services for a new not-to-exceed amount of \$2,822,955.57, subject to the availability of lawfully appropriated funds.

Manager: Justin Hightower, Manger, Fleet Services

Director: Brunell, Baley – Director, Facilities and Fleet Services

VP: McElroy, Alan. – VP Supply Chain & Operations Support
