Per the Florida Safe Drinking Water Act, Sections 403.850-403.864 and Department Of Environmental Protection Rules Chapter 62-555.360(3), F. Backflow Preventers are required on all irrigation systems.

### It is the responsibility of the customer to ensure the consumer side is connected to the irrigation meter.

A **\$25.00** Re-Trip fee will be assessed when installation requires more than one visit due to site conditions. The fee will appear on the JEA billing statement.

All residential services supplying irrigation systems require a backflow device installed on the potable service and failure to comply may result in disconnection of service. By signing this form you are giving JEA access to test and maintain the backflow device(s) on your premises. The JEA customer will be responsible for the device installation and replacement if needed.
