

WASTEWATER CONSTRUCTION DETAILS

TABLE OF CONTENTS

**DETAIL PLATE
NUMBER**

DESCRIPTION:

S - 1	Sanitary Sewer Manhole Frame and Cover
S - 2	Sanitary Sewer Type "A" Manhole 8" - 21" Sewers
S - 2B	Micro-Tunneling Work Shaft
S - 3	Plan View, Type "A" Manhole 8" - 21" Sewers
S - 4	Sanitary Sewer Type "B" Manhole 8" - 10" Sewers
S - 5	Plan View, Type "B" Manhole 8" - 10" Sewers
S - 6	Sanitary Sewer Type "C" Manhole 8" - 21" Sewers
S - 7	Sanitary Sewer Type "D" Manhole 12" - 21" Sewers
S - 8	Plan View Type "D" Manhole 12" - 21" Sewers
S - 9	Sanitary Sewer Type "E" Manhole (Conflict Manhole)
S - 10	Sanitary Sewer Type "F" Manhole 12" - 21" Sewers
S - 11	Sanitary Sewer Type "G" Manhole 24" - 60" Sewers
S - 12	Sanitary Sewer Type "H" Manhole 24" - 60" Sewers
S - 13	Sanitary Sewer Type "I" Manhole 24" - 60" Sewers
S - 14	Fiberglass Manhole
S - 15	Manhole Pipe Connection & Alternate Manhole Bottom
S - 16	Miscellaneous Manhole Connections
S - 17	Precast Sewer Manhole Joint Detail
S - 18	Typical Force Main Connection to Manhole
S - 19	House Lateral Plan View
S - 20	House Lateral Section View
S - 21	Fusible PVC Bending Radius and Pulling Force
S - 21A	Dual Directional Drilling
S - 22	F M Connection 16" and Larger Piping for Private Pumping Stations
S - 23	House Lateral Over Conflict Pipe
S - 24	House Lateral Under Conflict Pipe
S - 25	Typical Casing Detail - Sewer
S - 25A	Casing Detail - Sewer
S - 26	Separation Requirements for Sewer Mains
S - 27	Notes on Utility Separation Requirements - Sewer
S - 28	Bridge Deck Pipe Hanger Detail
S - 29	Air Valve Assembly Inside Manhole
S - 29A	Optional Low Profile Air Valve Assembly Inside Manhole
S - 29B	Air Valve Assembly Inside Manhole in ROW

S – 30..... Sewer Valve Installation Detail
S – 31..... Sewer System Valve Box Cover
S – 32..... Sewer System Valve Box
S – 33..... Sewer Valve Jacket Adjusted After Roadway Re-Surfacing
S – 34..... Manhole Frame and Cover Adjustment After Roadway Re-Surfacing
S – 35..... Sidewall Pipe Hanger Detail
S – 36..... Pipe Support & Pole Assembly for Force Main
S – 37..... Pipe Support Details for Pole Assembly
S – 38A PVC Pipe Restraint Joint Schedule
S – 38B NOT USED
S – 38C Mechanical Restraint Details – I
S – 38D Mechanical Restraint Details – II
S – 39..... Adjustment Over Existing Utilities – Mechanical Restraints
S – 40..... Adjustment Over Existing Utilities Using Tie Rods
S – 41..... Adjustment Under Existing Utilities – Mechanical Restraints
S – 42..... Adjustment Under Existing Utilities Using Tie Rods
S – 43..... Plugged Dead End Using Tie Rods
S – 44..... Plugged Dead End Using Mechanical
S – 45..... Thrust Block Size Chart
S – 46..... Private Pump Out Detail Assembly
S – 47..... Adjustment Under Existing Utilities Pipe Joint Deflection
S – 48..... Adjustment Over Existing Utilities Pipe Joint Deflection
S – 49..... Locate Wire Construction for Force Mains
S – 49A Locate Wire for Branch Main
S – 49B Locate Wire Box
S – 50..... Low Pressure Residential Sewer Force Main Connection(s)
S – 51..... Gang Sewer Services for Condo's / Town-Homes.
S – 52..... Sewer Lateral Vacuum System
S – 53..... NOT USED
S – 53A Prefabricated Concrete Enclosure
S – 53B Prefabricated Concrete Enclosure
S – 53C Prefabricated Concrete Enclosure
S – 54..... Swabbing Port and Clean out Vault Section
S – 54A..... Swabbing Port and Clean out Vault Plan
S – 54B..... Swabbing Launching Station Detail for New Force Main Up to 24”
S – 54C..... Swabbing Launching Station Detail for New Force Main Up to 24” - Plan
S – 54D..... Swabbing Launching Station Detail for New Force Main Up to 24” - Section
