

Residential Rebate Program Residential Attic Insulation Rebate Form

JEA offers rebates for blown-in loose fill fiber glass or cellulose insulation. The rebate amount is \$0.20 per square foot up to a maximum rebate amount of \$200. The rebate maximum will cover the first 1,000 square feet of installation installed to achieve R-38. The attic floor must have less than 5" (or R-15) of existing insulation in order to qualify for the rebate. Rebates are available for JEA electric customers only. Rebated insulation must be installed within the JEA service territory and at the customer address provided on this form. JEA, or its trade ally, reserves the right to conduct field inspections to verify installations. All rebates are subject to terms and conditions listed below. Please allow 6–8 weeks for receipt of rebate check.

Please complete this application and email it to jearebate@egia.org or mail to:

REBATE TERMS AND CONDITIONS

1. Insulation must be installed by a participating contractor in a residence that receives JEA residential electrical service, as evidenced by the JEA bill account number.
2. To qualify for rebates, the R-value of the existing roof/attic insulation must be R-15 or less and the insulation installed must be R-38 or greater.
3. The qualified insulation must be purchased and installed by September 30, 2022. All program rebate applications must be received by October 7, 2022.
4. Applicant must submit (i) a completed rebate application form, (ii) a copy of the original invoice/receipt and (iii) photo documentation of pre-existing R-value taken next to a ruler. Invoice/receipt must include the R-value of the pre-existing insulation, R-value of the insulation installed, heated square footage covered and the payment terms.
5. Rebates will be processed and paid on a first come, first served basis. Rebate will be processed in approximately 6 to 8 weeks. Terms and conditions are subject to change without notice.
