

Foreword:

This help guide is provided to suppliers with instructions on how to access and submit bids on JEA's cloud based sourcing platform (Zycus)

- Bid Participation (download documentation and completion bid forms)
- Bid Submission (uploading and completing the submission process)

Supplier Onboarding:

https://www.jea.com/About/Procurement/Zycus_Portal/

New Users will need to register to login. Registration will require Company name, Contact and Email Address.

Path for Supplier to log into the Zycus Platform.

- 1.) Go to the Zycus home page, try the supplier current company email address to see if there is an existing user account (If there is the below error will appear). Go to Step 2. - 2.) When completing a new user registration and adding company information, if the user receives the following notification (below) when a company email address is entered. The specific email address may not be in Zycus’s system, however, it is possible your company is in the system. If the user would like to add another contact email to the current Company supplier set up, **the user will need to request to add contact information and email address to the existing supplier name in Zycus & Oracle.** For directions on how to do this, proceed to step 3.

Appendix C – Zycus Supplier Instructions

- 3.) To add a new email address and contact to an existing supplier (i.e. you already do business with JEA) or to verify if the existing company is in Oracle (JEA’s Purchasing, invoicing and payment system) send an email to isupplier@jea.com. JEA will verify if the company is set up in the ERP system (Oracle), if the existing company is in Oracle, the iSupplier team will request contact update information to add a contact to Oracle. JEA as a part of the supplier maintenance process will push the information to Zycus, at which point, the supplier will be able to have their password reset. **If iSupplier notes, your company is not in JEA’s Oracle system, you’ll then proceed to just create a Zycus ID as a potential supplier:**

Below the fields is a checkbox labeled "I accept Terms and Conditions" and a green "Register" button.

In most solicitations, JEA will provide terms & conditions, technical specifications, bid forms (pdf or word) and or pricing tables in excel, which the supplier will need to download and fill out and then upload. These documents will be available as attachments or links. Additionally, excel pricing tables may need to be uploaded once completed to complete the pricing table response section. Suppliers can download the required attachments by selecting the “Buyers Attachments” icon, or opening hyperlinks.

Buyer's Attachments 1 **Upload Event Level Attachments(0)**

Appendix C – Zycus Supplier Instructions

Once complete in each section, there may be an attachment requirement, in which case, the supplier will see the Attachment form below. Note, you'll also need to type text into the attachment form screen (see below "Test") has been entered.

Completing the pricing sheet (excel)

When a Bid pricing sheet is provided, the Bidder can manually populate on the platform (see below) or export the pricing sheet to an excel spreadsheet. In the example below two lines are filled with pricing in the Zycus platform table "1,000.00 and 500.00" when you save your work, you'll note if you "export" the sheet the information will be in the spreadsheet as well.

Attachment(s)	Item No.	Item Name	Item Description	Target Price	Price Type	Est Qty	Qty	UOM	Unit Price
0 file(s)	1	Boiler Feedpump Steam Tu...	Mobilize/Demobilize	0,00	Bulk	1,00	1,00	UOM	1,000,00
0 file(s)	2	Boiler Feedpump Steam Tu...	Disassembly	0,00	Bulk	1,00	1,00	UOM	500,00

0 file(s)	5	Boiler Feedpump Steam Tu...	Tooling	0,00	Bulk	1,00	1,00	UOM	

If the spreadsheet is exported, it will save a copy to your downloads folder on your computer in this example, you'll note "1410190446_Item..." is the downloaded pricing sheet.

Attachment(s)	Item No.	Item Name
0 file(s)	1	Boiler Feedpump Steam Tu...

0 file(s)	3	Boiler Feedpump Steam Tu...
0 file(s)	4	Boiler Feedpump Steam Tu...
0 file(s)	5	Boiler Feedpump Steam Tu...

Next, the Bidder will open the document, populate pricing. When opening the spreadsheet, the Bidder will notice only the "unit price" and in the case of this bid, "percentage Discount" the white cells will be

Appendix C – Zycus Supplier Instructions

filled in (unprotected to allow the Bidder to populate the cells). Note, the \$1,0000.00 and \$500.00 prices are in the sheet (which were populated online) Bidder may also note, since JEA is a public entity, (“Current Price”) / contract pricing may be public and provided for reference.
