USE OF SUBJECT MATTER EXPERTS

A. Who Can Use Subject Matter Experts

The ITN permits the evaluation committee and negotiation team members to use Subject Matter Experts (SME) to assist in their duties. *See* ITN at pp. 34, 36.

B. Role of Subject Matter Experts

The SME are intended only to advise on technical and factual matters. Their advice shall be objective and utilized by evaluators and negotiation team members solely to assist such persons with forming their own independent judgements and decisions with respect to the merits of any proposal.

C. How to Request Assistance From A Subject Matter Expert

The Designated Procurement Representatives, Jenny McCollum and John McCarthy, have access to the SME. Members of the evaluation or negotiation teams must contact the Designated Procurement Representatives to obtain the assistance of a subject matter expert.
