

Electrification Rebate Program

50% Increase Rebate Offer for Electric-powered Equipment

Electric-powered equipment can be cheaper to operate and more environmentally friendly than its fossil fuel-powered counterparts. Plus, our [Electrification Rebate Program](#) offers attractive financial rebates on the purchase of or conversion to electric equipment. You can earn up to 50% more on your rebate for qualifying equipment for a limited time.

LIMITED TIME 50% INCREASE OFFER

JEA is offering a limited-time increase on rebates through the Electrification Rebate Program. Rebates are **INCREASED BY 50%** on all measures. This offer is available from June 1, 2026 - August 31, 2026, or until promotional funds are spent.

Offer Details

- Qualifying equipment must be purchased between June 1, 2026 - August 31, 2026, to qualify for the bonus rebate.
- Eligibility will be based on the purchase indicated on the application, invoice and other paperwork, as applicable.
- Rebate applications and required documents must be received by August 31, 2026. (Applications received after this date will only be eligible for the standard program rebate.)
- Rebate payments will be capped at 50% of the total project cost of the purchased equipment.
- Electric-to-electric replacements do not qualify.
- Company applying for rebate must have active commercial account with JEA. If leasing JEA facility, Company must have landlord initial Program's Terms and Conditions to qualify for rebate. Equipment must meet all other program eligibility criteria.
