Consent Agenda

The Chief Procurement Officer offers the following items for the JEA Awards Consent Agenda. Any item may be moved from the Consent Agenda to the Regular Agenda by a committee member asking that the item be considered separately. **All items on the Consent agenda have been approved by OGC, Budget and the Business Unit Vice President and Chief.** The posting of this agenda serves as an official notice of JEA's intended decision for all recommended actions for **Formal Purchases** as defined by **Section 3-101 of the JEA Procurement Code**. Please refer to JEA's Procurement Code, if you wish to protest any of these items.

2	Invitation for Bid (IFB)	1412104446 (IFB) JEA Point Meadows Circuits 233, 234, & 235 Additions	Erixton	HEART UTILITIES OF JACKSONVILLE INC.	Capital	\$1,014,632.61	\$1,012,825.00	N/A	\$1,012,825.00	N/A	Project Completion Start Date: 04/01/2026 End Date: 09/30/2026	N
<p>Advertised: 01/23/2026 Opened: 02/24/2026 Five (5) Bids Received: Heart Utilities - \$1,012,825.00 SPE Utility - \$1,109,790.00 The Fibel Company - \$1,489,021.28 Henkle & McCoy - \$1,604,427.00 C&C Powerline - \$1,796,923.70</p> <p>For additional information contact: Jason Beltr</p> <p>This award request is for the JEA Point Meadows Circuits 233, 234, and 235 construction services associated with the installation of a manhole and conduit system. The contractor will be responsible for furnishing all labor, supervision, equipment, and materials (except as otherwise specified) necessary to complete the work within the established project schedule and in full compliance with the issued plans and technical specifications.</p> <p>The budget estimate for this project was \$1,014,632.61. The lowest responsive bid was received slightly below the budgeted amount and has been reviewed and determined to be fair and reasonable.</p>												
3	Contract Increase	1410831646 Progressive Design-Build Services for the Arlington East WRF Biosolids Foremain	Zammataro	T B Landmark Construction, Inc.	Capital	\$3,850,000.00	\$3,703,261.02	\$1,781,717.20	\$5,583,897.95	03/10/2025 - \$98,919.73	Project Completion Start: 04/13/2023 End: 08/30/2027	Y Four Waters Engineering (Engineering) - \$964,857.97
<p>Last awarded: 04/06/2023 For additional information contact: Victoria Holloway</p> <p>This contract increase request is for Guaranteed Maximum Price package one (GMP 1) of the project. The overall project scope includes the design and construction of a parallel 10-inch force main from University Blvd., at Jacksonville University, a subaqueous crossing of the St. Johns River to the JEA Kennedy Generating Station site and ending at Talleyrand Ave. This project improves system reliability by introducing a secondary sludge transfer line from the Arlington East WRF to the Buckman WRF. The Overall Proposed Budget (OPB) for this project is \$23,311,590.00.</p> <p>The scope of work for this contract increase covers the early construction needed to get the Arlington East biosolids pipeline project ready, including site clearing, safety measures, traffic control, surveying, and temporary fencing at Jacksonville University, Talleyrand Avenue, and the Kennedy Generating Station. It also includes installing part of the new force main, a temporary water service for construction, drainage and pond changes, a railroad crossing, and restoring roads, sidewalks, and other disturbed areas. The proposal also includes allowances for unknown field conditions and a Phase 2 design fee. A Phase 2 GMP amendment will be brought forward for approval once design efforts reach the appropriate level of completion.</p> <p>This GMP has been reviewed by JEA's owner's adviser, JEA project staff, and procurement and deemed reasonable compared to past projects.</p>												
4	Invitation for Bid (IFB)	1412085046 (IFB) CSU Chains, Buckets, and Sprckets Replacement	Erixton	Forjas Bolivar	Capital	\$1,452,407.00	\$926,308.08	N/A	\$926,308.08	N/A	Project Completion Start Date: 03/19/2026 End Date: 11/06/2026	N
<p>Advertised: 01/13/2026 Opened: 02/03/2026 Five (5) Bids Received CDM Systems, Inc. \$1,460,324.00 Craven Industrial Construction Company \$1,448,556.67 Forjas Bolivar \$926,308.08 Quality Industries of America \$451,781.98 (DQ4) Yulee Machine Works, LLC \$2,476,700.00</p> <p>For additional information contact: Lynn Rix</p> <p>This award request is for the procurement of replacement components for the Continuous Ship Unloader (CSU), including upper sprocket segments, bucket and chain assemblies, and associated hardware. The awardee will furnish all specified materials in accordance with required technical specifications and delivery schedules to support JEA's planned maintenance activities. Installation and labor will be performed by JEA personnel; therefore, the scope of this award is limited exclusively to the supply and delivery of the replacement equipment.</p> <p>JEA received strong competition, with five (5) suppliers submitting bids. Forjas Bolivar was determined to be the lowest responsive and responsible bidder, with a total price of \$926,308.08, which includes an estimated tariff. This award represents a cost avoidance of approximately 44% or \$526,098.92, compared to the business estimate of \$1,452,407.00.</p> <p>JEA has previously utilized Forjas Bolivar and has been satisfied with the quality and performance of their products.</p>												
5	Invitation for Bid (IFB)	1412106246 FY27 Generator Replacement for Water/Wastewater	Phillips	ACF Standby Systems LLC	Capital	\$1,500,000.00	\$1,424,150.00	N/A	\$1,424,150.00	N/A	Project Completion Start: 03/19/26 End: 06/01/27	N
<p>Advertised: 01/22/2026 Pre-Bid Meeting: 02/02/2026 Opened: 02/24/2026 Four (4) Bids Received ACF Standby Systems LLC \$1,371,202.00 Zabatt Power Systems \$1,735,431.59 Ring Power Corporation \$1,787,100.00 Cummins Sales and Service \$2,424,718.00</p> <p>For additional information contact: Victoria Holloway</p> <p>This award provides for the furnishing, installation, and testing of one self-contained automatic standby emergency generator system. The scope includes diesel generator sets, automatic transfer switches, switchgear, fuel tanks, sound-attenuated enclosures, and all components required for complete and operable installations, including engineered drawings for JEA approval. Several existing generators have been in service approximately 28 years and require replacement to maintain system reliability. Operational changes have also identified the need for additional emergency units at critical locations. JEA is replacing these existing generators on an annual basis as budget allows.</p> <p>The solicitation requested alternate pricing for an additional temporary rental generator during installation. The alternate pricing submitted was evaluated, and JEA decided to also award the alternate item and added it to the award amount. The low bidder was determined by the original total bid price, however, a pricing analysis determined ACF Standby Systems LLC was still the lowest cost bid to JEA when adding the alternate pricing item to the total.</p> <p>The bid is approximately 9% below the estimate and is deemed fair and reasonable based on competitive bidding.</p>												

6	Invitation for Bid (IFB)	1412107946 (IFB) SWERC001 for JEA Inventory FY26 – FY27	Phillips	STUART C IRBY CO WESCO DISTRIBUTION, INC. DBA ENGLEWOOD ELECTRICAL SUPPLY	Capital	\$2,400,516.80	\$1,652,257.00 \$969,300.00	N/A	\$1,652,257.00 \$969,300.00	N/A	One (1) Year Start Date: 03/19/2026 End Date: 03/18/2027	N
	<p>Advised: 01/23/2026 Opened: 2/24/2026 Three (3) Bids Received Stuart C Irby Co - \$2,643,611.20 G & W Electric Co - \$2,590,720.00 Wesco Distribution, Inc. d.b.a. Englewood Electrical Supply - \$2,715,400.00 For additional information contact: John Hernandez</p> <p>This award request is for the purchase of JEA Item SWERC001 to replenish critical inventory. These units are radio-controlled, three-phase switches equipped with three internal voltage sensors. While this procurement originated as a spot buy for 60 units, JEA transitioned to a formal contract structure to improve long-term procurement efficiency. The solicitation was structured to capture both the immediate need and future requirements.</p> <p>The award total of \$2,621,557.00 is split between the spot buy of \$969,300.00 and the contract bid of \$1,652,257.00.</p> <p>The lowest bid represents a 9.21% increase from the 2025 purchase price and is reasonable given the specialized nature of the 38 kV radio controlled switch with integrated voltage sensors and custom alley arm mounting. Material and component costs for high voltage distribution equipment have risen since the last purchase, and the increase is validated by three competitive bids, confirming the current price reflects fair market value.</p> <p>To ensure a comprehensive total cost of ownership evaluation, lead times were factored into the bid analysis using JEA's 9.23% carrying cost. Following this evaluation, Stuart C. Irby Company, LLC was identified as the lowest responsive and responsible bidder for the one-year contract and Wesco Distribution, Inc. dba Englewood Electrical Supply for the spot buy.</p>											

7	Intent to Negotiate (ITN)	1412089046 ITN Distributor Transformer Monitoring System (DTMS)	Erixton	Ubicquia, Inc.	Capital	\$1,200,000.00	\$923,895.00	N/A	\$923,895.00	N/A	Two (2) Years w/Two (2) 1-Yr. Renewals Start Date: 03/19/2026 End Date: 03/18/2028	N
	<p>Advised: 12/22/2025 Opened: 01/13/2026 Two (2) Responses Received Smiles USA, Inc. \$1,399,500.00 Ubicquia, Inc. \$923,895.00 Public Evaluation Meeting: 01/21/2026 BAFO Public Meeting: 02/25/2026 For additional information contact: Lynn Rix</p> <p>This contract request covers the purchase of 300 Distribution Transformer Monitoring Systems from Ubicquia—the responsive and responsible bidder—over the next two years, including an immediate purchase of 50 units.</p> <p>These advanced devices will be deployed across the JEA network on single-phase and three-phase transformers (pole-mounted, pad-mounted, and submersible) to monitor voltage fluctuations, load imbalances, and potential theft, while providing critical outage detection to enhance overall grid reliability and minimize equipment loss.</p> <p>Negotiations secured a tiered pricing structure and an enhanced 10-year warranty through a successful Best and Final Offer (BAFO). While this is JEA's first contract for this technology—precluding a direct historical comparison—the award achieves a 26% cost avoidance (\$276,105.00) against the initial \$1,200,000.00 business estimate.</p>

Informational Items

Award #	Type of Award	Solicitation # & Short Description/Title	VP	Awardee	Award Amount	Business Unit Estimate	Original Award Amount	New Not-to-Exceed	Amendments	Term	JSEB Participation (Y/N) If Y, then list company name(s) (% , \$ - awarded)
1	Contract Increase	114-17 Vegetation Management	Erixton	Trees, LLC	\$11,290,560.00	\$11,290,560.00	\$31,222,514.94	\$61,835,799.94			
	<p>This informational item has been added to provide visibility into the actions related to this Contract due to it had previously been awarded through the awards committee; the latest amendment was in excess of \$50,000,000.00 and was approved by the JEA Board on February 24, 2026.</p> <p>Trees, Inc. was originally awarded a contract for vegetation management services on January 11, 2018. The scope of work includes all labor, supervision, materials, tools, equipment, and reporting necessary to perform these services, including mowing, herbicide application, and tree removal and pruning, as required.</p> <p>At the conclusion of the original contract term, JEA exercised a renewal in 2023, which included an increase in authorized funding to support the one-year renewal period. In September 2024, JEA executed an additional contract extension through January 31, 2026. This action was taken in response to significant market pressures including wildfire response demands, storm restoration efforts, and workforce shortages, which made extending the existing contract the most prudent option while a new solicitation was conducted.</p> <p>The solicitation concluded in Fall 2025, resulting in ABC Trees being selected as the primary supplier. This award was approved by the Awards Committee in December 2025. However, during the contracting phase, the selected supplier withdrew and declined to proceed with contract execution. Given that the rates received through the recent solicitation were significantly higher than the current contract rates with Trees, Inc., it is in JEA's best interest to execute a contract extension for two months to allow for continued work with Trees, Inc. while waiting Board approval for Contract Increase and Extension. Negotiated rates for this one (1) year extension are modestly higher than current rates but remain substantially lower than the rates received through the recent solicitation. JEA intends to reissue the procurement as an Invitation to Negotiate, allowing greater flexibility to strategically structure and secure a long-term vegetation management contract with a future vendor.</p> <p>The pricing structure of the contract is as follows: Price per mile: Fixed for the first two years with adjustments based on the Consumer Price Index (CPI) in years three through five. Labor rates: Fixed for the first year with CPI adjustments in years two through five. Equipment rates: Fixed for the first year with adjustments based on a fuel index in years two through five. This adjustment applies to 15% of the unit price for each piece of equipment that uses fuel.</p> <p>Current Project Encumbrance Update: \$50,499,058.81 of \$50,545,239.94 to Trees, LLC. has been encumbered to date.</p>									01/05/2023 - \$6,425,000.00 12/07/2023 - \$7,404,125.00 04/17/2025 - \$3,980,000.00 09/23/2025 - \$1,513,600.00	Five (5) Years w/One (1) - 1 Yr. Renewal Start: 01/31/2018 End: 03/21/2027 No renewals remaining

FAX: 904-695-3385

E-MAIL: scott.barry@heartutilities.com

PRINT NAME OF AUTHORIZED REPRESENTATIVE: Scott Barry

SIGNATURE OF AUTHORIZED REPRESENTATIVE: Scott Barry

NAME AND TITLE OF AUTHORIZED REPRESENTATIVE: Scott Barry Operations Manager

MINIMUM QUALIFICATIONS:

Respondent must meet the following Minimum Qualifications to be considered eligible to have its Response evaluated by JEA. Respondent must complete and submit the Minimum Qualification Form provided in this Solicitation. Respondents that are working or have worked for JEA in the past 2 years involving similar work must submit JEA as a reference. JEA reserves the right to ask for additional back up documentation or additional reference projects to confirm the Respondent meets the requirements stated above.

JEA may reject Responses from Respondents not meeting all of the following Minimum Qualifications:

- I. Respondent must not be on the State of Florida Convicted Vendor List, State of Florida's Suspended Vendor List, the City of Jacksonville's Disqualified Vendor List, have their bidding privileges actively suspended by JEA, been debarred by JEA, or have had a contract with JEA was terminated for default within the last two (2) years.
- II. Respondent must be approved for RBL Category EG6 Underground Distribution Construction up to 45KV by the bid due date.
- III. The Respondent shall comply with the technical and commercial specifications for this solicitation.

VENDOR CONFLICT OF INTEREST DISCLOSURE FORM INSTRUCTIONS

Vendors shall not try to gain an unfair competitive advantage or influence the ability of JEA officers and employees to make impartial and objective decisions on behalf of JEA.

All vendors interested in conducting business with JEA must complete and return the Vendor Conflict of Interest Disclosure Form found on the following page in order to be eligible to be awarded a contract with JEA. Please note that all vendors are subject to comply with JEA's conflict of interest policies provided below.

1. No JEA officer (e.g., JEA Board member and elected City official) or employee has an ownership interest of more than 5% in vendor's company.
2. No JEA officer or employee is an officer, director, partner or proprietor of vendor's company.
3. No JEA officer or employee is employed by or being considered for employment by vendor's company.
4. No JEA officer or employee work as a consultant or has a contractual relationship with vendor's company.
5. No JEA officer or employee will derive a personal financial gain or loss from this contract.
6. No relative of a JEA officer or employee will derive a personal financial gain or loss from this contract. (Relatives include a father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, or daughter-in-law.)

If a vendor has one or more relationships with a JEA officer or employee or a relative of a JEA officer or employee that meets the criteria described above, then the vendor shall disclose the information by completing the Conflict of Interest Form on the following page.

CONFLICT OF INTEREST DISCLOSURE FORM

Disclosing a potential conflict of interest does not disqualify vendors. In the event vendors do not disclose potential conflicts of interest, and they are detected by JEA, vendor may be **disqualified** from doing business with JEA.

SUBCONTRACTOR BID FORM

List of Subcontractors

JEA Solicitation Number 1412104446Tier 1 Prime Contractor Business Name: Heart Utilities

The referenced solicitation requires certain major Subcontractors be listed on this form, unless the work will be self-performed by the Tier 1 Prime Contractor.

The undersigned understands that failure to submit the required Subcontractor information on this form may result in bid rejection, and the Tier 1 Prime Contractor agrees to employ the Subcontractors specified below: *(Add additional lines if necessary)*

Note: This list of Subcontractors shall not be modified subsequent to bid opening, without a showing of good cause and the written consent of JEA.

JSEB Subcontractors - Jacksonville Small & Emerging Business Program (JSEB)

A certified JSEB business who contracts with the Tier 1 Prime Contractor to provide goods and/or services. All fields are required to be completed on this section of the form.

The JSEB Subcontractors section of the form is required for any projects with a JSEB participation requirement.

JSEB Business Name	JSEB Primary Contact Name	JSEB Telephone Number	JSEB Email Address	JSEB Certification? <small>Yes or No (select from the drop down menu)</small>	Scope of Work	% of work	Dollar Amount
							\$0.00
							\$0.00
							\$0.00
							\$0.00
							\$0.00

Tier 2 Subcontractors

A Subcontractor who contracts with the Tier 1 Prime Contractor to provide goods and/or services. Please list all major Subcontractors, regardless of diversity status, that will be providing goods and/or services. Submission of Subcontractor Ethnicity or Diverse Classification is optional.

The Tier 2 Subcontractors section of the form is required.

Subcontractor Business Name	Subcontractor Primary Contact Name	Subcontractor Telephone Number	Subcontractor Email Address	Subcontractor Ethnicity or Diverse Classification <small>(select from the drop down menu, if applicable)</small>	Scope of Work	% of work	Dollar Amount

BID BOND

STATE OF FLORIDA

COUNTY OF: Duval

KNOW ALL PERSONS BY THESE PRESENTS, That we, HEART UTILITIES OF JACKSONVILLE, INC. (hereinafter called "Principal"), and United States Fire Insurance Company as Surety (hereinafter called "Surety"), are held and firmly bound unto the JEA of the City of Jacksonville, Florida (hereinafter called the "JEA"), in the sum of \$, lawful money of the United States of America, for the payment which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents:

Five Percent of Bid Price with Supplemental Work Authorization

WHEREAS, the Principal contemplates submitting or has submitted a Bid to the JEA for:

1412104446 (IFB) JEA Point Meadows Circuits 233, 234, & 235 Additions

Five Percent of Bid Price with Supplemental Work Authorization

WHEREAS, it was a condition precedent to the submission of said Bid that a certified check or Bid Bond in the amount of be submitted with said Bid as a guaranty that the Principal would, if awarded the contract, enter into a written contract with the JEA and furnish a Section 255.05 Florida Statutes Contract Bond in an amount equal to Five Percent of Bid Price with Supplemental Work Authorization for the performance of said contract, within ten consecutive calendar days after written notice being given of acceptance by the JEA.

NOW, THEREFORE, THE CONDITIONS OF THIS OBLIGATION ARE SUCH, that if the Bid of the Principal herein be accepted and said Principal, within ten consecutive calendar days after written notice being given of such acceptance, enters into a written contract with the JEA, and furnishes a Section 255.05, Florida Statutes Contract Bond in an amount equal to Five Percent of Bid Price with Supplemental Work Authorization satisfactory to the JEA, then this obligation shall be void; otherwise, the sum herein stated shall be due and payable to the JEA, and the Surety herein agrees to pay said sum immediately upon demand of said JEA, in good and lawful money of the United States of America; as liquidated damages for failure thereof of said Principal.

IN WITNESS WHEREOF, the said Principal and the said Surety have duly executed this bond the 24 day of February, 2026.

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

61330

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Michael A. Holmes, James Murphy, Michael Gorham

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties: **Unlimited**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:

(a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;

(b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.

Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 13th day of August, 2025.

UNITED STATES FIRE INSURANCE COMPANY

Matthew E. Lubin

Subject: Early Package for Phase 1 Construction – Solicitation No. 1410831646 – Arlington East WRF Biosolids FM – St. Johns River Crossing

Dear Mr. McDermott,

We are pleased to provide a quote for the Early Out / Phase 1 scope of work for the above-referenced project. This quote is based on the 100% construction drawings. The detailed scope and price breakdown are listed below. The Phase 2 design pricing is also included in this proposal.

Item #1 – General Conditions: \$436,148.00

- Project management and project administration time
- Safety and traffic control supervisor
- Preconstruction photos
- NOI permit
- Monthly items (portolet, dumpster, crew needs)
- Monthly P6 schedule
- Monthly meetings/inspections and notes held and maintained by the engineer's team

Item #2 – Survey and As-Builts: \$36,500.00

- Talleyrand layout and as-builts
- KGS Jack and Bore layout and as-builts
- All JU construction layout for Phase 1 work

Item #3 – KGS Security: \$17,964.00

- Allied Universal security while KGS work is occurring
- Regular time and overtime hours

Utility & Pipeline Contractors • Directional Drill Contractor

11220 New Berlin Rd • Jacksonville, FL 32226 • Phone: (904) 751-1016 • Fax: (904) 751-4125
CGC060694 • CUC057226

Item #4 – Erosion Control: \$92,878.90

- KGS Phase 1 silt fence
- Talleyrand and KGS site inlet protection
- JU Phase 1 silt fence
- JU tree protection fencing
- JU inlet protection
- Regular maintenance

Item #5 – Traffic Control: \$64,766.00

- Talleyrand MOT and flaggers
- JU MOT and flaggers

Item #6 – Temporary and Permanent KGS Fencing: \$12,035.52

- Remove existing fencing to allow pipe installation
- Temporary fencing during removal of site fence
- Remove temporary fencing
- Install new permanent fencing

Item #7 – Talleyrand Ave Biosolids FM Install: \$351,777.85

- Spot utilities
- Demo paving, curb, and sidewalk
- Install new forcemain to KGS ROW site
- Test lines
- Tie into existing lines
- Backfill with clean fill and flowable fill in areas where compaction with dirt cannot occur

Item #8 – Talleyrand 4” Water Service: \$99,904.61

- Tap existing main
- Extend 4” PVC to Talleyrand ROW line
- Install 4” RPZ BK FLW at KGS/Talleyrand ROW line
- Install 4” HDPE for drill water service from BK FLW through 20” J/B casing stub-out for future extension/drill rig connection

Item #9 – 20” Norfolk Southern R/R Jack and Bore: \$262,649.54

Utility & Pipeline Contractors • Directional Drill Contractor

11220 New Berlin Rd • Jacksonville, FL 32226 • Phone: (904) 751-1016 • Fax: (904) 751-4125
CGC060694 • CUC057226

- Excavate for jacking and receiving pits
- Rock floor of pits
- Trench box/shoring installation
- Well point dewatering installation
- 72 LF of 20" steel casing
- 100 LF of temporary 10" DIP with 10" x 20" casing spacers
- Two (2) temporary end caps

Item #10 – Talleyrand Ave ROW Restoration: \$82,658.65

- 12" thick base material
- 4" new asphalt patch
- Painting of new traffic stripes
- New curb
- New sidewalk
- Miscellaneous grassing
- No mill/overlay and final striping at this time (to be completed during final restoration phase)

Item #11 – JU Temporary Construction Fence: \$23,754.10

- Install temporary chain link fence
- Monthly rental (14 months)

Item #12 – Clearing JU Site: \$112,976.40

- Remove +/- 120 trees
- Clear pond brush
- Haul all material offsite and dispose

Item #13 – JU Pond and Drainage Modification per Phase 1 Plans: \$631,465.15

- Import fill
- Remove and install new drainage with rip rap outfalls
- Regrade pond banks
- Sod pond internal and external slopes to protect against erosion during construction
- Pump water as needed during construction due to rain events

Item #14 – JU Dolphin Point Blvd Concrete Median Removal: \$45,746.69

- Demo existing median
- Excavate subbase
- Install 12” base material
- 2” asphalt patch
- Final striping and any mill/overlay to occur after construction during final restoration

Item #15 – JU North Hall Driveway Install: \$85,725.41

- Demo curbs
- Grade for new driveway
- Compact subgrade
- Install new City standard curb
- Install new valley curb
- Install 8” base material
- 2” asphalt paving
- New signage and striping
- Sod disturbed areas

Item #16 – JU Construction Entrance: \$49,459.74

- Demo sidewalk and curb
- Remove bushes
- Grade for new entrance
- Import fill dirt for entrance slope
- Compact subgrade
- Install new concrete driveway
- Install new sidewalk
- Grass disturbed areas

Item #17 – JU Construction Entrance / Sidewalk Security: \$20,173.44

- Individuals to monitor sidewalk traffic during peak times
- For pedestrian safety

Item #18 – JU Dumpster Relocated: \$5,987.60

- Move dumpster to designated area outside construction zone
- Demo block dumpster walls and bollards

Utility & Pipeline Contractors • Directional Drill Contractor

11220 New Berlin Rd • Jacksonville, FL 32226 • Phone: (904) 751-1016 • Fax: (904) 751-4125
CGC060694 • CUC057226

Item #19 – JU 4” Water Service for Drilling / Construction Water: \$44,814.16

- Tap 10” main
- Install 4” poly line to drilling footprint

Item #20 – Deleted

Item #21 – Density Testing: \$2,253.44

- VIA to perform actual testing
- Cost reflects TBL time

Item #22 – Allowance – Norfolk Southern Railroad Inspection: \$50,000.00

- Costs associated with flagger and/or railroad inspector during jack and bore at KGS

Item #23 – Allowance – JU Irrigation System Modification: \$12,500.00

- Exact location of JU irrigation system unknown
- Allowance for modifications or repairs during Phase 1 construction
- Final restoration phase will require new irrigation (not included in this phase)

Item #24 – Allowance – Soft Digs in Talleyrand Ave: \$52,007.60

- For utilities that cannot be located within Talleyrand ROW and require soft dig
- Badger daylighting and TBL crew rates apply per daily charges

Item #25 – Allowance – KGS Unsuitable Replacement: \$20,735.92

- If unsuitable soil is encountered and cannot be used as backfill, soil will be replaced with clean imported material
- Unsuitable material will be stockpiled onsite and addressed during Phase 2

Item #26 – Allowance – KGS Dewatering Location & Dewatering Filter System: \$75,000.00

- Actual dewatering pipe tie-in location west of railroad is unknown
- T&M tracked for TBL crew to excavate and locate tie-in
- T&M tracked for running pipe/line to discharge location
- Covers filtration system if contamination levels require treatment

Utility & Pipeline Contractors • Directional Drill Contractor

KEY FEATURES AND BENEFITS

Feature	Description	Benefit
Proven Performance	We are the current supplier of the equipment with consistent and reliable performance.	Reduced operational risk and confidence in long-term reliability.
Application-Specific Design	Designs are adapted to each application. Improvements were implemented during project development.	Optimized equipment performance, extended service life, and improved efficiency.
Extensive Experience in Heavy-Duty Conveying	Proven experience working with major cement plants and heavy industry applications in the USA.	Strong technical background, industry know-how, and reliable project execution.
In-House Manufacturing & Quality Control	Forging and manufacturing processes are performed in-house under strict quality control standards.	Consistent product quality, traceability, and dependable delivery.
Technical & Commercial Support	Dedicated technical and commercial support throughout engineering, manufacturing, and after-sales stages.	Faster response times and strong long-term partnership.

Raw material and some components provided by third parties are quality controlled in house during manufacturing and assembly processes.

CONSIDERATIONS REGARDING JEA TERMS AND CONDITIONS

Following our review of the terms and conditions, and based on the legal assessment conducted internally, we respectfully submit the following considerations regarding certain contractual clauses. These observations are intended to better align risk allocation and operational feasibility while maintaining full compliance with the FB process.

1. Clause 1.12 – Liquidated Damages

Forjas Bolívar's total aggregate liability arising out of or related to the Contract, the Work, or any indemnification obligation thereunder shall be limited to the value established in this offer.

Additionally, Forjas Bolívar's warranty and indemnification obligations do not extend to costs or damages associated with installation, loss of production, loss of use, loss of profit, or other indirect or consequential damages.

Liquidated damages shall not apply to delays not attributable to the supplier, including but not limited to logistics constraints beyond the supplier's control, force majeure events, or delays in inspection or acceptance by JEA.

2. Clause 1.14 – No Exceptions Allowed

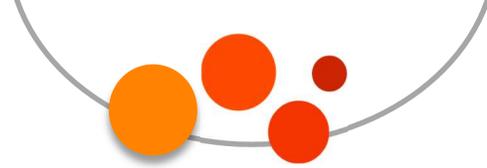

We understand the FB is structured as a non-negotiable process. Nevertheless, we respectfully submit these observations for consideration and kindly ask whether JEA may address them through an addendum at its discretion.

3. Clause 2.50 – Indemnification

As an international company our insurance policy does not cover such indemnification.

Any indemnification obligation shall be subject to the limitations of liability and exclusions of consequential damages set forth in Forjas Bolívar's offer.

4. Clauses 1.17 and 2.52 – FOB Destination / Risk Transfer

We kindly request the establishment of a maximum timeframe of thirty (30) calendar days following delivery for inspection and acceptance by JEA.

In the event that JEA does not issue Acceptance or provide written notice of non-conformance within such thirty (30) day period, the Work shall be deemed accepted for purposes of title transfer and risk of loss, excluding any warranty obligations expressly set forth in the Contract.

Clause 2.51 – Insurance

Forjas Bolívar will provide its Certificate of Insurance (COI), which includes product liability coverage applicable in the United States. Some of the coverage types and limits referenced in Clause 2.51 may not be applicable under this policy.

TECHNICAL SUPERVISION SERVICES

Forjas Bolívar will make a Field Engineer available to support installation, erection, and commissioning activities. The standard service rate is USD 2,000 per day, based on Monday through Friday, 8 hours per day.

Any hours worked beyond the standard schedule will be subject to a 25% overtime surcharge. Work performed on Saturdays, Sundays, and bank holidays will be subject to a 35% surcharge.

The daily rate includes air and ground transportation as well as reasonable living expenses for our engineers. Travel days will be billed at 50% of the applicable daily rate.

TOTAL EXW FORJAS BOLIVAR 581.538,72

DELIVERY CIF MIAMI PORT 44.000

DELIVERY AT JEA 54.000

ESTIMATED TARIFF (Not included in delivery) 290.769,36

Net weight (Kg): 37354

Gross weight (Kg): 41090

SALES CONDITIONS

Drawings Approval: 3 Weeks

Delivery*:** 190 - 210 Days Ex-work Weeks Ex-works (After approval of manufacturing drawing) + Transit time

Payment: 25% advance wire transfer with PO.
25% advance wire transfer before shipment.
50% wire transfer net 30 days after invoice date.

Tariff is Not Included in Freight Delivery

If delivery to the Jacksonville Electric Plant is managed by Forjas Bolívar, the following conditions apply:

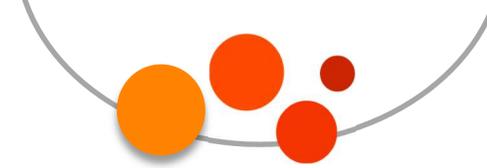

Estimated Tariff: USD 290.670,87

Payment equivalent to the amount of the current tariff is required before shipment. This payment is necessary to cover customs duties and taxes and to guarantee the subsequent shipment of the goods.

Tariff Adjustment Clause

The tariff amount is subject to the regulations in effect at the time of importation (nationalization). As a result, the final Tariff value will be automatically adjusted and invoiced based on the tariff applicable at that moment.

Delivery Term: Ex-works Forjas Bolivar / CIF Miami Port / Delivered at JEA Northside Generation plant

Validity: Due to the variability of steel prices, our prices are valid for the total awarding of the order an for the next **15 days**. Furthermore, they will be subjected to our aproval.

OTHERS

*** Delivery time specified in this offer is an **estimate** and may vary according to the availability of raw materials, tooling and workload on the production floor when the order is placed.

IN NO EVENT SHALL FORJAS BOLÍVAR ASSUME RESPONSIBILITY FOR A GREATER AMOUNT THAN THE VALUE ESTABLISHED IN THIS OFFER. In addition, our warranty does not cover any costs associated with installation or loss of production.

The delivery time considered in this offer is approximate and is subject to changes due to force majeure and/or circumstances beyond our control. Therefore, changes in the delivery date will not give the right to terminate, modify or apply penalties and/or fines to the purchase order derived from this quote.

"The customer acknowledges and accepts that delivery times are estimates and are subject to the operational and logistical terms and conditions of the shipping company. In this case, Forjas Bolivar will not be responsible for delays in the transportation of goods when they are attributable to specific events. This includes, but is not limited to, force majeure events such as acts of God, adverse weather conditions, mechanical failures, strikes, stoppages, riots, logistical issues faced by the shipping company, and circumstances beyond Forjas Bolivar's control. Furthermore, Forjas Bolivar will not assume the payment of penalties, fines, and/or non-compliance, since these are not imputable and beyond the company's control"

Every order should be supported by a formal signed purchase order.

Please send drawings, schemes or applicable standards. Every change in the purchase order or the drawings, should be informed in a written form.

We are open to any discussion or clarification regarding this offer.

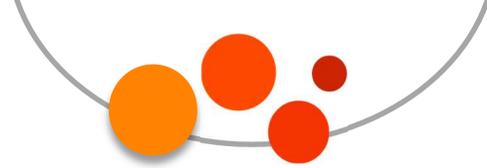

WARRANTY

FORJAS BOLIVAR warrants this product against any defects that are caused by defective materials or workmanship for **two year period after the date of delivery**. Should FORJAS BOLIVAR install said products, the guarantee will be from the date of the initial test runs. The warranty does not cover wear of components due to normal operation of the equipment.

This warranty is not valid if:

1. At the time of the assembly, installation and commissioning there is no Forjas Bolivar Field Engineer present on the site.
2. The product is used under conditions different from those considered normal.
3. The product is operated or installed outside of its intended use, specified operating conditions, or without adherence to standard care and maintenance practices.
4. The product is deliberately altered or repaired by unauthorized personnel.
5. There are y changes or deviations in the conveyed materials and/or operating conditions from those specified in the original quotation.
6. Storage, handling and installation are not performed correctly.

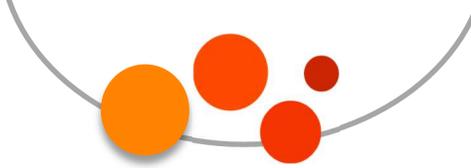

In the event that a product fails within the warranty, FORJAS BOLIVAR S.A.S will replace parts at no cost (EXW Forjas Bolivar). To make use of the warranty, the purchaser must present conclusive evidence of the defect.

IN NO EVENT SHALL FORJAS BOLÍVAR ASSUME RESPONSIBILITY FOR A GREATER AMOUNT THAN THE VALUE ESTABLISHED IN THIS OFFER.

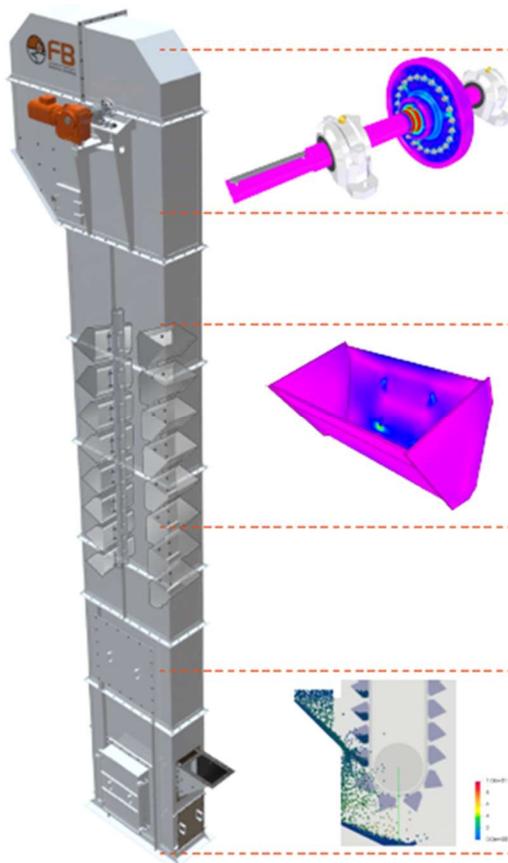

Our Warranty does not cover any costs associated with installation or loss of production and/ or loss of profit.

As part of our service, we can mobilize our engineers to evaluate, make suggestions, and provide support where needed.

COMPLEMENTARY SERVICES

MBD (Multi Body Dynamics)

- Verification of operating conditions considering variables such as speed, force, mass and gravity.
- Collision detection and verification of gaps for conveying materials with small particle size.
- Analysis of mechanisms and verification of operation dynamic of the designed components.

FEM (Finite Element Method)

- Determination of displacements, deformations and stresses according to loads applied on the components.
- It allows to represent different scenarios based on the performance of our products and variations of resistance, stiffness or fatigue.
- Heat transfer analysis for equipment with high working temperatures, which allows to verify the use of special components or coatings for equipment to develop.

DEM (Discrete Element Method)

- Analysis and optimization of the flow of bulk materials.
- Optimization of transfer chute geometrics of bulk materials.
- Study of wear and control parameters to diagnose symptomatic and predictive maintenance of components.

FEM

(Finite element method)

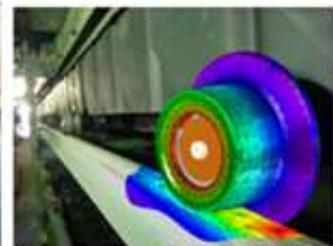

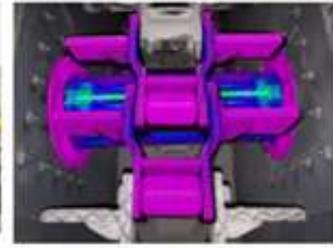

DEM

(Discrete element method)

MBD

(Multi body dynamics)

APPLICATION

This engineering service can be provided for every type of new or used bulk material handling equipment such as:

- Horizontal conveyors
- Bucket elevators
- Feeders and dispensers
- Chutes, valves and diverters, feed and discharge chains, bands and other components.

BENEFITS OF THE SERVICE

- Optimization of the interaction between the equipment's components to increase conveying capacities.
- Reduction of maintenance cost through reduction of wear on components.
- Decrease in energy consumption.
- Increase of services life of components throughout the system.
- Prediction of failure and maintenance

Subject: Disqualification Letter to Quality Industries of America for 1412085046 IFB CSU Chains, Buckets, and Sprockets Replacement

JEA Disqualification Notice for 1412085046 IFB CSU Chains, Buckets, and Sprockets Replacement.

We regret to inform you that your Response has been disqualified.

An explanation as to the reasons your Response has been disqualified are stated below.

- The Supplier was asked on February 10, via phone, to clarify their Appendix B – Response Workbook due to them only providing pricing buckets and sprockets, but not for chains.
- The Supplier stated that they did not sell the chains and could not quote them.

The specification clearly indicates the requirements in Solicitation 1.13 Basis of Award - Lowest Bid

JEA will Award a Contract to the responsive and responsible Respondent whose Response meets or exceeds the Minimum Qualifications set forth in this Solicitation, and the Respondent's price represents the lowest cost to JEA. JEA will use the Respondent's Total Bid Price stated on the Response Form when making price comparisons for Award purposes.

If you have any questions concerning this, you must refer to the JEA Procurement Code, Article 4-101, Administrative Remedies located on JEA.com. JEA's Chief Procurement Officer is Jenny McCollum at Gleejs@jea.com.

Thank you for your participation in the solicitation and we look forward to your continued interest in doing business with JEA.

Subject: Intent to Award for 1412085046 IFB CSU Chains, Buckets, and
 Sprockets Replacement

Good morning,

This communication is to inform you of JEA’s intent to award for 1412085046 IFB CSU Chains, Buckets, and Sprockets Replacement contingent upon successful contract execution, and Awards Committee Approval. JEA has reviewed all the submittals and has determined that Forjas Bolivar is the Responsive and Responsible Bidder whose Bid meets or exceeds the Minimum Qualifications set forth in this Solicitation and is the lowest Responsive and Responsible Bidder. If you have any questions concerning this, you must refer to the JEA Purchasing Code, Article 4, Administrative Remedies located on JEA.com. JEA’s Chief Procurement Officer is Jenny McCollum at gleejs@jea.com. JEA appreciates your participation and looks forward to future opportunities to work with your company.

MINIMUM QUALIFICATIONS:

Bidder shall have the following Minimum Qualifications to be considered eligible to submit a Bid in response to this Solicitation. It is the responsibility of the Bidder to ensure and certify that it meets the Minimum Qualifications stated below. A Bidder not meeting all the following criteria will have their Bids rejected:

- I. Respondent shall provide an approved manufacturer generator previously qualified and approved by the JEA Facilities Standards team as listed below:
 - Caterpillar
 - AKSA
 - Cummins
 - Generac

- II. Respondent shall be an approved installer as detailed in the JEA Facilities Standard manual.
 - i. The current list of approved installers in the JEA Facilities manual are listed below:
 - Ring Power Corporation
 - Zabatt Power Systems
 - Cummins Power South
 - ACF Standby Systems, LLC

Any Respondent whose contract with JEA was terminated for default within the last two years shall have its Response rejected.

DTMS Vendor Clarification & Negotiation Questions

Responses should be specific, contractual in nature, and identify any assumptions or exclusions.

Pricing Structure & Rates

- Question:** Please confirm the unit pricing structure, including any available price break options based on quantity.

Answer:

Table 1: Best and Final Offer with Price Break Options*

Quantity	List MSRP	Discount	JEA price
1-100	\$3,079.65	5%	\$2,925.67
101-300	\$3,079.65	10%	\$2,771.69
301-1000	\$3,079.65	20%	\$2,463.72

*These discounts apply only when JEA commits to the required minimum quantity within a single purchase order.

Table 2: Pricing Schedule Based on Provided Quantities/Shipping Dates – Shipping Included*

	Units	MSRP	Discount	Total Price
April/May 2026	50	\$3,079.00	10%	\$138,584.50
July/Aug 2026	38	\$3,079.00	10%	\$105,324.22
July/Aug 2026	23	\$3,079.00	10%	\$ 63,748.87
July/Aug 2026	100	\$3,079.00	10%	\$277,169.00
Jan/Feb 2027	23	\$3,079.00	10%	\$ 63,748.87
Jan/Feb 2027	30	\$3,079.00	10%	\$ 83,150.70
			TOTAL PRICE*	\$731,726.16

*Shipping included

* These prices are based on the estimate provided by JEA, assuming a commitment to purchase 264 units.

- Question:** Is the quoted unit price for the initial quantity the same pricing that applies to additional units, or are volume-based discounts available?

Answer: Volume based discounts as described above apply.

Award #7 - Supporting Documents 03/05/26

3. **Question:** Please clarify the extended costs shown on the bid form and how they were calculated.
Answer: The extended price was interpreted as the per-unit price JEA would pay. Table 1 reflects updated pricing for our Best and Final Offer.
4. **Question:** If JEA increases quantities during the contract term (e.g., 20% additional units), how will pricing be applied?
Answer: Table 1 reflects updated pricing for increased quantities during the contract term.
5. **Question:** Please confirm whether pricing is firm fixed for the full contract term (2-year base with two optional 1-year renewals).
Answer: Firm fixed
6. **Question:** Please provide an all-in, per-device, per-year cost including hardware, services, connectivity, and data storage.
Answer: Yes, all in price.
7. **Question:** Identify any elements of pricing that may vary over time or based on usage.
Answer: No change to pricing.

Cost Inclusions & Assumptions

8. **Question:** Confirm that quoted pricing includes all costs, including vendor profit, overhead, labor, travel, taxes, duties, tariffs, markups, and administrative fees.
Answer: Confirmed.
9. **Question:** Identify any costs not included in the quoted unit pricing.
Answer: No additional costs for the 10-year period.

Subject: Disqualification letter to Smilics USA, Inc. for 1412089046 ITN Distribution Transformer Monitoring System (DTMS)

JEA Disqualification Notice for 1412089046 ITN Distribution Transformer Monitoring System (DTMS)

We regret to inform you that your Response has been disqualified.

An explanation as to the reasons your Response has been disqualified are stated below.

1. The bidder is not an approved manufacturer or authorized distributor for this item and is not actively working through the approval process.

The specification clearly indicates the requirements in Solicitation Section 1.10 Minimum Qualifications:

JEA may reject Responses from Respondents not meeting all of the following Minimum Qualifications:

- I. The Respondent must have successfully self-performed similar work preceding the Response Due Date.*
- II. The Respondent must provide a lead-time as part of the information to be entered on the Bid Form.*
- III. The Respondent must be the approved manufacturer or authorized distributor for the item in which a response is being submitted. An exception may be made by JEA Standards if the Respondent is actively working through the approval process with the plan to be approved by Intent to Award.*

For items in which a Manufacturer would be requesting to be approved, during an active Solicitation, please coordinate with the JEA Buyer. For future non-active Solicitations, Manufacturers should coordinate with JEA Standards on being vetted as an approved source. JEA will attempt to be timely in the processing of the request, but JEA encourages prospective Manufacturers to proactively (outside of a Solicitation) coordinate with JEA Standards on being vetted as an approved source to allow for a thorough vetting process to occur.

Manufacturers looking to become an approved Manufacturer should in their request include, but not limited to, information regarding the items ability to meet all technical requirements and may require samples, factory tours, current user lists and references, use case testing, long-term reliability studies, et. cetera. JEA prioritizes exploring new innovative technology that advances operations in regard to safety, efficiency, and reliability. JEA also looks to continuously expand competition particular on items where supply constraint exists.

- IV. The Respondent shall comply and continue to comply with the technical specifications for the term of this Solicitation.*

V. The Respondent is not on the State of Florida's Convicted Vendor List, State of Florida's Suspended Vendor List, The City of Jacksonville's Disqualified Vendor List, have not had their bidding privileges actively suspended by JEA, been debarred by JEA, or have had a contract with JEA terminated for default within the last two (2) years.

If you have any questions concerning this, you must refer to the JEA Procurement Code, Article 4-101, Administrative Remedies located on [JEA.com](http://jea.com). JEA's Chief Procurement Officer is Jenny McCollum at [Gleejs@jea.com](mailto:gleejs@jea.com).

Thank you for your participation in the solicitation. We encourage you to work with the JEA Standards group to become an approved manufacturer and be eligible for future opportunities.

BOARD RESOLUTION No.: 2026-08
February 24, 2026

A RESOLUTION BY THE BOARD APPROVING INCREASE IN JEA'S MAXIMUM INDEBTEDNESS UNDER CONTRACT # JEA10101 BETWEEN JEA AND TREES, LLC ("COMPANY") FOR VEGETATION MANAGEMENT TO AN AMOUNT NOT TO EXCEED SIXTY-ONE MILLION EIGHT HUNDRED THIRTY-FIVE THOUSAND SEVEN HUNDRED NINETY-NINE AND 94/100 DOLLARS (\$61,835,799.94) AND EXTENDING THE TERM OF THE CONTRACT; AUTHORIZING THE CHIEF EXECUTIVE OFFICER/MANAGING DIRECTOR TO EXECUTE AN AMENDMENT TO THE CONTRACT ON BEHALF OF JEA; ADOPTING FINDINGS OF FACT; PROVIDING FOR SCRIVINER'S ERRORS; AND PROVIDING AN EFFECTIVE DATE.

RECITALS

WHEREAS, on January 31, 2018, the parties made and entered into an agreement (the "Original Agreement") under which Company agreed to provide "Vegetation Management For JEA & TECO" (the "Work") for five (5) years until January 31, 2023, (the "Term"), with one (1), one (1) year renewal option, for Thirty-One Million Two Hundred Twenty-Two Thousand Five Hundred Fourteen and 94/100 Dollars (\$31,222,514.94) (the "Maximum Indebtedness"); and

WHEREAS, on January 31, 2022, JEA renewed the Term until January 30, 2024, and the parties agreed to revise the price adjustment language stated in the Original Agreement; and

WHEREAS, May 31, 2022, JEA and Company included Company's storm response rates into the Original Agreement; and

WHEREAS, on January 05, 2023, JEA increased the Maximum Indebtedness in the amount of Six Million Four Hundred Twenty-Five Thousand and 00/100 Dollars (\$6,425,000.00), as approved by the JEA Awards Committee, for a new Maximum Indebtedness of Thirty-Seven Million Six Hundred Forty-Seven Thousand Five Hundred Fourteen and 94/100 Dollars (\$37,647,514.94); and

WHEREAS, on December 07, 2023, JEA increased the Maximum Indebtedness in the amount of Seven Million Four Hundred Four Thousand One Hundred Twenty-Five and 00/100 Dollars (\$7,404,125.00), as approved by the JEA Awards Committee, for a new Maximum Indebtedness of Forty-Five Million Fifty-One Thousand Six Hundred Thirty-Nine and 94/100 Dollars (\$45,051,639.94), and extended the Term of the Original Agreement until January 31, 2025; and

WHEREAS, on September 16, 2024, JEA updated the Unit Pricing, revised and replaced the Liquidated Damages, and extended the Term of the Original Agreement until January 31, 2026; and

WHEREAS, on April 17, 2025, JEA increased the Maximum Indebtedness in the amount of Three Million Nine Hundred Eighty-Thousand and 00/100 Dollars (\$3,980,000.00), as approved by the JEA Awards Committee on April 17, 2025, for a new Maximum Indebtedness of Forty-Nine Million Thirty-One Thousand Six Hundred Thirty-Nine and 94/100 Dollars (\$49,031,639.94).

WHEREAS, on September 25, 2025, JEA increased the Maximum Indebtedness in the amount of One Million Five Hundred Thirteen Thousand Six Hundred and 00/100 Dollars (\$1,513,600.00), as approved by the JEA Board of Directors in Resolution 2025-47, for a new total maximum indebtedness of Fifty Million Five Hundred Forty-Five Thousand Two Hundred Thirty-Nine and 94/100 Dollars (\$50,545,239.94); and

WHEREAS, on or about January 20, 2026, JEA extended the Term of the Original Agreement until March 21, 2026; and

WHEREAS, JEA now wishes to increase the Maximum Indebtedness in the amount of Eleven Million Two Hundred Ninety Thousand Five Hundred Sixty and 00/100 Dollars (\$11,290,560.00), for a new total maximum indebtedness of Sixty-One Million Eight Hundred Thirty-Five Thousand Seven Hundred Ninety-Nine and 94/00 Dollars (\$61,835,799.94), and extend the Term of the Original Agreement until March 21, 2027; and

WHEREAS, the Board of Directors has determined that it is in the best interests of JEA to approve the extension of the Term of the Original Agreement and to increase the maximum indebtedness, accordingly, as provided herein.

NOW THEREFORE, BE IT RESOLVED by the JEA Board of Directors that:

1. The recitals stated above are hereby incorporated into and made part of this Resolution, and such recitals shall serve as findings of fact.
2. The Board hereby accepts the increase of the contract with Trees, LLC for vegetation management, increasing the total maximum indebtedness thereunder to an amount not to exceed **Sixty-One Million Eight Hundred Thirty-Five Thousand Seven Hundred Ninety-Nine and 94/00 Dollars (\$61,835,799.94)**; and authorizes the Chief Executive Officer/Managing Director, or her designee, to execute an amendment to the Original Agreement, as amended, for such increase and extending the Term until March 21, 2027.
4. To the extent that there are any typographical, administrative, and/or scrivener's errors contained herein that do not change the tone, tenor, or purpose of this Resolution, then such errors may be administratively corrected with no further action required by the Board.
5. This Resolution shall be effective upon approval by the Board.

Dated this 24th day of February 2026.

JEA Board Chair

JEA Board Secretary
